Dear Sirs:

I am writing about the 15% increase (45% in 3 years) that is being requested for electric power companies.

I am single, living alone, and my bill for Aug. was \$8.76, for Sept. \$13.20. We had a mild summer, which lessened the amount of air conditioning use. I am on a limited income and I cannot imagine how I will be able to manage with this increase along with other utilities, taxes, etc.

I am opposed to this increase, and hope you will consider this when reviewing this case 08-917-EL-SSO.

Thank you!

Sincerely,
Esther Harris
