Subject: Case #08-0917-EL-SSO

Here we go again. Something is going to go up. We have faced a hike in gas for our cars to get us where we need to be, food prices, gas to warm our homes or to cook our food, the hike of prices is everywhere.

I Have a sixteen year old son who attends a local high school, a school that faces the same crisis as I do. A fixed budget and no way to increase the budget because they levy they want won't pass.

My budget is at the same place, no increase in my social security unless you want to count a \$63 increase that will not cover AEP's increase.

So I and I am sure my family, friends, neighbors, and many other people who are on a tightly controlled budget will tell you over and over again **NO! NO!**
