COMMENT DESCRIPTION:

I am writing in regard to the plans of AEP 08-0917-EL-SSO to increase electric rates. I agree with the Stark County commissioners that this rate increase is set to high and is unwarranted especially in these dire economic times. I would ask that PUCO look unfavorably at this request at this time and to table any rate increase of such magnitude until the country has a large economic turnaround. I chose to e-mail this request instead of sending a letter as to save the postage in case you decide in favor of the electric utilities. I will need the price of the stamp to help defer the excessive rate increases. Thank you in advance for your consideration of my request. We, the people, expect you to do what is right for us.
