In regard to this raise in rates, I cannot pay any more than what I am. I ~~am~~ am a Senior on a very, very fixed income. I am lucky to have money for groceries and gas for Doctor visits. If the rate goes up - will the PUCO pay my expenses?

I am tired of taxes - taxes - taxes. When will it stop? When all of the lower class people are eating grass to keep alive.

You people in your plush homes, cars and office jobs don't know what its like to be so low.
