COMPLAINT DESCRIPTION:

I feel it is an outrage that you would even be in talks about allowing AEP to raise customer rates 45% over 3 years. Why don't you ask AEP to get ride of one of there 3 fancy jets they ride all over in!!! I am sure that would help cut there operating costs. I am getting tired of hearing these cry baby stories from these big companies who are just trying to get money from the little people. The PUCO should be shamed of itself as well. And if Governor Strickland allows you to go through with your hike in electric rates he will not get my vote next time around you can count on that.
