RESOLUTION NO. 08-55

Being a Resolution objecting to American Electric Power's proposed fee increase.

WHEREAS, American Electric Power (AEP), which services residents and businesses in Louisville, has requested that the Public Utilities Commission of Ohio (PUCO) approve increasing its electricity rates each of the next three years; and

WHEREAS, the AEP rate increase proposal calls for a 15 percent residential rate increase in each of those three years, which, when compounded, will increase the electricity rates of residents by 52 percent by 2011; and

WHEREAS, the compounded rate of increase for large industrial customers would amount to a 62 percent increase; and

WHEREAS, the AEP proposal does not cover any additional transmissions cost increases, which may be requested separately; and

WHEREAS, AEP also requests that the PUCO authorize various riders and surcharges over and above the 15 percent annual increases for future cost recovery; and

WHEREAS, Louisville citizens and businesses, facing uncertain economic times fraught with increased expenses and declining pay and revenue, should not be burdened by excessive costs caused by this proposed rate increase.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF LOUISVILLE:

Section One: That the Louisville City Council opposes this unreasonable rate increase being proposed for its residents and businesses, and requests the PUCO to require and ensure that any rate increase granted is logically derived, reasonable, justified, necessary and in the best interests of utility users in Louisville, Ohio.

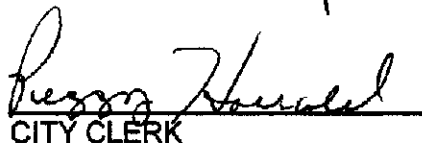

Section Two: That this Resolution shall take effect and be in force from and after its passage.

PASSED:
