Dear Alan Schriver,

I wonder why there is no regulation
against Power Companies raising
utilities rates whenever they please:
SENATE Bill # 221. I've hear that
they can VETO anyone who opposes
the utility rates.

WHY IS THERE NO GOVERNMENT
REGULATION AGAINST THIS?

I'm writing in regards
to the coming increase
of the electric bill. I hear
that it could be up to
50%. The workers should
not drive the trucks home
that alone would save
on the gas. Also I see
some of the trucks 2 or 3
on the same pole and only
1 person doing the work the
others just sit in the truck
and wait for a person to take

JAN 16 2009

Dear Mr. Schaefer
Office of Chairman
P.U.C.O.

This is concerning House
Bill 221.

I want to know how the P.U.C.O.
can automatically raise our power
bill because some big wig thinks
he can do it?

We are senior citizens living
on our Social Security. We just
got a small raise but with everything
else going up, we are fighting
a losing battle.

There is no way they can
impose a flat rate. We watch
our power usage. Now they are
telling us that someone who lives
in a monster house is going to
pay the same as us living in a
mobile home. Someone has to get
real here!!!

Thank God the Ron Fowles
show on WNBC brought this to

our attention!

Someone has to stand up for the
working man.

I hope the people responsible
for this can sleep at night.

I would appreciate
a response to this letter.

Thank you

Dear Mr. Alan Schiber,

I became aware of bill 221
while listening to radio station WHBE.
I am opposed to bill 221. I urge you,
as chairman of PUCCO, to vote against
this bill.

Mr Schrider

I am an AEP customer ^{Office of Chairman} ~~PUC~~ and I do
not want bill 221 to pass, I can't see
anyway to pay more with my work slow-
ing to 2 or 3 days a week. I do my part by
keeping light off and heat down. This bill
would just make things that are bad worse.

bill for passing.

Hope You Can help keep the

Office of Chairman
P.U.C.O.

I'm writing about the Bill 221
on P.U.C.O.

I heard that you and your helpers
want to put a charge on electric
bill plus everyone will pay a flat
fee. That is not fair if I live in
a small house and someone else a
big house or house and have a bigger electric bill.
We live on a set income no extra
money coming in. My husband is retired
and unable to make extra money. Had
a stroke 14 yrs ago. 2 open heart
surgeries, and we have a lot of medical
bills plus medicine bills we have
around 300⁰⁰ in medicine or more. So I try
~~hard~~ to baby sit to give a little extra money
when I can. We don't get any help
from anyone. Sure can't afford to
have any more bills to pay more.
We are on a fixed income once a month.
When my husband had the stroke
he lost the use of his left arm.
So that leaves me to do everything
(over)

does not drive so I have that to do
also

I think you better think before you
take it away from us poor people
out there trying to make ends meet

We cut back on a lot of things
never went on a vacation in years,
go out to eat, movies, etc. All
we do is stay home except to go
to Dr's + store.

I'm not the only one that don't
want this to happen. We even have
cut back on our electric when we
can plus our heat.

So I hope to hear from you.

Thank You

Mrs Martha Miller
