Re: Case No. 06-1345-TP-ORD  
Detariffing - dPi Teleconnect 90-9267

RECEIVED-DOCKETING DIV  
2009 FEB 10 AM 9:47  
PUCCO

Dear Public Utilities Commission:

dPi Teleconnect, LLC has been contacted by the Commission regarding Order No. 06-1345-TP-ORD. This order requires Telecommunication companies to Detariff Tier 2 and LD/Toll services that are part of their operating tariffs on file with the Commission.

After reviewing our current tariff with your staff member Cheryl Williams, 614-644-8057, it has been identified that dPi Teleconnect, LLC's tariff does not contain any of these types of charges and should not be required to file the Detariffing and Related Actions form.

It has also been identified, by Commission's staff, that dPi Teleconnect, LLC was mistakenly placed on a list of companies that have - **Partially Suspended Competitive Telecommunications Service Company Tariffs** - resulting from not compiling with Order No. 06-1345-TP-ORD.

dPi Teleconnect, LLC is requesting from Commission, that our company be removed from the list of companies not in compliance with Order 06-1345-TP-ORD and that no further action be taken against our company relating to this matter.

Respectively,

*Kelly King Consultant*

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Review of Chapter )  
4901:1-6, Ohio Administrative Code. ) Case No. 06-1345-TP-ORD

ENTRY

The attorney examiner finds:

- (1) On September 19, 2007, the Commission issued an entry in this case directing all telephone companies currently providing tariffed Tier 2 nonresidential services and all telephone companies providing regulated toll services to file the applicable detariffing applications between October 1, 2007, and April 2, 2008.
- (2) Subsequently, an attorney examiner entry and a Commission entry were issued on January 31 and May 14, 2008, respectively, serving as reminders to telephone companies that, pursuant to Rule 4901:1-6-05(G), Ohio Administrative Code (O.A.C.), detariffing of all regulated nonresidential Tier 2 services and all regulated toll services is mandatory.
- (3) Specifically, the entry issued May 14, 2008, served as a final reminder to the telephone companies listed on the appendix to the Entry that they failed to file their detariffing applications and would be subject to cancellation of their tariffs and certificates for non-compliance if the Commission did not receive the requisite detariffing applications by July 1, 2008.
- (4) The attorney examiner notes that, although all telephone companies were given an extensive time to comply with the Commission's directives, there are still those telephone companies that remain non-compliant. Accordingly, the attorney examiner finds that those companies' tariffs identified in the attached Appendix should be partially suspended, at this time for 60 days pursuant to Rule 4901:1-6-07(C); O.A.C. Each company listed in the attached appendix must immediately file an application to amend its tariff consistent with the Commission's September 19, 2007, Entry or contact the Commission's Telecommunications Division of the Utilities Department at (614) 644-8057 to avoid full suspension of the

company's tariff and cancellation of the company's operating authority.

It is, therefore,

ORDERED, That the tariffs of those companies listed in the attached appendix be partially suspended and those companies are directed to contact the Commission staff in accordance with finding 4. It is, further,

ORDERED, That a copy of this Entry be served upon those companies identified in the attached appendix.
