**MOTION FOR PROTECTIVE ORDER**

---

Pursuant to Rule 4901-1-24(D) of the Ohio Administrative Code, the Ohio Cable Telecommunications Association ("the OCTA" or "the Association") respectfully moves for a protective order to maintain the confidentiality of certain documents provided to it by Duke Energy Ohio ("Duke") through the discovery process that were designated as "confidential". These documents were provided to the OCTA only after the OCTA signed a Confidentiality Agreement with Duke. The OCTA does not necessarily agree with such a designation and reserves the right to subsequently challenge such a designation. But the Confidentiality Agreement obligates the OCTA to maintain the confidentiality of certain documents designated as confidential by Duke. Consistent with the requirements of the above cited Rule, three (3) unredacted copies of the confidential portions of the Deposition Exhibits and Deposition Transcript excerpts are submitted under seal.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

**MEMORANDUM IN SUPPORT OF  
MOTION FOR PROTECTIVE ORDER**

---

The Ohio Cable Telecommunications Association respectfully moves that the Commissioner or an Attorney Examiner issue an Entry granting its Motion for a Protective Order. The OCTA has received several documents from Duke in discovery. Some of these documents were designated by Duke as confidential and were provided to the OCTA only after the OCTA signed a Confidentiality Agreement with Duke. The OCTA does not necessarily agree with such a designation and reserves the right to subsequently challenge such a designation. But the Confidentiality Agreement obligates the Association to maintain the confidentiality of certain documents.

Some of the documents that were marked as confidential by Duke have been used in Depositions conducted by the OCTA of various Duke representatives. Consequently, some of the Deposition Exhibits marked as confidential were the subject of examination during the course of the Depositions. Redacted versions of the Deposition Exhibits and the Deposition Transcripts were filed in the public record.

The OCTA respectfully requests that the following Deposition Exhibits be deemed as confidential and not subject to public disclosure at this time.

OCTA Deposition Exhibits 11-14 (from the December 15, 2008  
Deposition of James Dean)  
OCTA Deposition Exhibit 20 (from the January 29, 2009  
Deposition of Richard Harrell)  
OCTA Deposition Exhibit 21 – the two pages marked confidential  
(from the January 29 Deposition of David Yelton); and  
OCTA Deposition Exhibits 23-28 (from the January 30, 2009  
Deposition of James Dean)

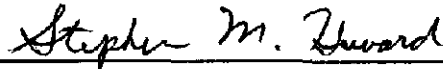

In addition, the OCTA proposes that the following Deposition Transcript excerpts be deemed as confidential and not subject to public disclosure at this time:

December 15, 2008 Deposition Transcript of James Dean, page 52,  
line 11 through page 98, line 9;  
January 29, 2009 Deposition Transcript of Richard Harrell, page  
55, line 1 through page 74, line 16; and  
January 30, 2009 Deposition Transcript of James Dean, page 47,  
line 6 through page 115, line 15.

Rule 4901-1-24(D) of the Ohio Administrative Code provides that the Commission or certain designated employees may issue an order which is necessary to protect the confidentiality of information contained in documents filed with the Commission's Docketing Division to the extent that state or federal law prohibits the release of the information and where non-disclosure of the information is not inconsistent with the purposes of Title 49 of the Revised Code. State law recognizes the need to protect certain types of information which are the subject of this motion. Based on its designation of confidentiality, we believe that Duke's position would be that the non-disclosure of the information will not impair the purposes of Title 49. The Commission and its Staff have full access to the information in order to fulfill its statutory obligations. Based on its designation of confidentiality, we believe that Duke's position would be that a purpose of Title 49 would be served by the public disclosure of the information at this time.

WHEREFORE, for the above reasons, The Ohio Cable Telecommunications Association requests the Commission to grant its motion for a protective order and to maintain at this time the information marked as confidential by Duke which was submitted in this proceeding under seal.

Respectfully submitted,
