AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer/agent of the applicant corporation, Go Solo Technologies, Inc., and am authorized to make this statement on its behalf.
(Name)

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I
- 2.1.1.A.1.(a).I.(i)
- 2.1.1.A.1.(a).I.(i).(1)

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing.

The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on Commission file.

SECTION 2 - RULES AND REGULATIONS2.1 Undertaking of the Company

This tariff contains the regulations and rates applicable to intrastate interexchange telecommunications services provided by the Company for telecommunications between points within the State of Ohio. All terms and conditions herein will comply with Ohio MTSS. Services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis and are not intended to be limited geographically. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services shall file a service application with the Company which fully identifies the Customer, the services requested and other information requested by the Company. The Company reserves the right to examine the credit record and check the references of all applicants and Customers. The Company may examine the credit profile/record of any applicant prior to accepting the service order or a Customer's deposit, if required. The service application shall not in itself obligate the Company to provide services or to continue to provide service if a later check of applicant's credit record is, in the opinion of the Company, contrary to the best interest of the Company. If service is denied, Customer deposits, if required, will be returned immediately. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement

- 2.1.1 The services provided by the Company are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services, but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of this Commission.
- 2.1.2 The rates and regulations contained in this tariff apply only to the services furnished by the Company and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carriers for use in accessing the services of the Company.

2.2 Use of Services

- 2.2.1 The Company's services may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of services, subject to any limitations set forth in this Section 2.2.
- 2.2.2 The use of the Company's services to make calls which might reasonably be expected to frighten, abuse, torment, or harass another or in such a way as to unreasonably interfere with use by others is prohibited.
- 2.2.3 The use of the Company's services without payment for service or attempting to avoid payment for service by fraudulent means or devices, schemes, false or invalid numbers, or false calling or credit cards is prohibited.

- 2.3.6 The remedies set forth herein are exclusive and in lieu of all other warranties and remedies, whether express, implied, or statutory, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

2.4 Responsibilities of the Customer

- 2.4.1 The Customer is responsible for placing any necessary orders and complying with tariff regulations. The Customer is also responsible for the payment of charges for services provided under this tariff.
- 2.4.2 The Customer is responsible for charges incurred for special construction and/or special facilities which the Customer requests and which are ordered by the Company on the Customer's behalf.
- 2.4.3 If required for the provision of the Company's services, the Customer must provide any equipment space, supporting structure, conduit and electrical power without charge to the Company.
- 2.4.4 The Customer is responsible for arranging access to its premises at times mutually agreeable to the Company and the Customer when required for Company personnel to install, repair, maintain, program, inspect or remove equipment associated with the provision of the Company's services.
- 2.4.5 The Customer shall cause the temperature and relative humidity in the equipment space provided by Customer for the installation of the Company's equipment to be maintained within the range normally provided for the operation of microcomputers.

2.11 Reserved For Future Use**2.12 Taxes**

The customer is responsible for the payment of all state, local and E911 taxes, surcharges, utility fees, or other similar fees for which the end user is directly responsible and that may be levied by a governing body or bodies in conjunction with or as a result of a service furnished under a tariff on file with the Public Utilities Commission of Ohio. These charges may appear as separate line items on the customer's bill, as opposed to being included in the rates contained in a tariff. Any such line item charges will be reflected in the Company's tariff. The company shall not assess separately any taxes, fees or surcharges, other than government-approved sales taxes imposed directly on the end users, without seeking Commission approval under the appropriate local competition procedures required by the Commission. The company shall comply with Commission procedures by sending notice to all customers informing them of the new line item charges.

2.13 Late Charge

A late fee of 1.5% monthly or the amount otherwise authorized by law, whichever is lower, will be charged on any past due balances.

2.14 Returned Check Charge

A fee of \$25.00 will be charged whenever a check or draft presented for payment for service is not accepted by the institution on which it is written.

2.15 Reconnection Charge

A reconnection fee of \$25.00 per occurrence will be charged when service is re-established for Customers which have been disconnected due to non-payment.

SECTION 3 - DESCRIPTION OF SERVICE3.1 Computation of Charges

- 3.1.1 The total charge for each completed call may be a variable measured charge dependent on the duration, distance and time of day of the call. The total charge for each completed call may also be dependent only on the duration of the call, i.e. a statewide flat rate per minute charge. The variable measured charge is specified as a rate per minute which is applied to each minute. All calls are measured in increments as set forth in the Rates Section of this tariff. All calls are rounded up to the next whole increment.
- 3.1.2 Where mileage bands appear in a rate table, rates for all calls are based upon the airline distance between the originating and terminating points of the call, as determined by the vertical and horizontal coordinates associated with the exchange (the area code and three digit central office code) associated with the originating and terminating telephone numbers. If the Customer obtains access to the Company's network by a dedicated access circuit, that circuit will be assigned an exchange for rating purposes based upon the Customer's main telephone number at the location where the dedicated access circuit terminates. The vertical and horizontal (V & H) coordinates for each exchange and the airline distance between them will be determined according to industry standards.

3.1.3 Timing begins when the called station is answered and two way communication is possible, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Recognition of answer supervision is the responsibility of the Underlying Carrier. Timing for each call ends when either party hangs up. The Company will not bill for uncompleted calls.

3.2 Customer Complaints and/or Billing Disputes

Customer inquiries or complaints regarding service or accounting may be made in writing or by telephone to the Company at:

5053 Ocean Blvd., #54
Sarasota, Florida 34242
(877) 446-7656

Any objection to billed charges should be reported promptly to the Company. Adjustments to Customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate. Where overbilling of a subscriber occurs, due either to Company or subscriber error, no liability exists which will require the Company to pay any interest, dividend or other compensation on the amount overbilled.

3.3 Level of Service

A Customer can expect end to end network availability of not less than 99% at all times for all services.

3.4 Billing Entity Conditions

When billing functions on behalf of the Company or its intermediary are performed by local exchange telephone companies or others, the payment of charge conditions and regulations of such companies and any regulations imposed upon these companies by regulatory bodies having jurisdiction apply. The Company's name and toll-free telephone number will appear on the Customer's bill.

3.5 Service Offerings**3.5.1 1+ Dialing**

This service permits Customers to originate calls via switched or dedicated access lines, and to terminate intrastate calls. The customer dials "1+" followed by "ten digits" or dials "101XXXX" followed by "1+ ten digits". The Customer can also make outbound calls utilizing the Company's unified messaging technology from any telephone.

3.5.2 Travel Cards.

The Customer utilizes an 11 digit "toll-free" access number established by the Company to access a terminal. Upon receiving a voice prompt, the Customer uses push button dialing to enter an identification code assigned by the Company, and the ten digit number of the called party.

3.5.3 800 Service (Toll free).

This service is inbound calling only where an 800, 888 or other toll-free prefix number rings into a Customer's premise routed to a specific telephone number or terminated over a dedicated facility.

3.5.4 Company Prepaid Calling Cards.

This service permits use of Company Prepaid Calling Cards for placing long distance calls. Customers may purchase Company Prepaid Calling Cards at a variety of retail outlets or through other distribution channels. Company Prepaid Calling Card service is accessed using the Company toll-free number printed on the card. The caller is prompted by an automated voice response system to enter his/her Authorization Code, and then to enter the terminating telephone number. The Company's processor tracks the call duration on a real time basis to determine the number of Telecom Units consumed. The total consumed Telecom Units and applicable taxes for each call are deducted from the remaining Telecom Unit balance on the Customer's Company Prepaid Calling Card.

All calls must be charged against a Company Prepaid Calling Card that has a sufficient Telecom Unit balance. A Customer's call will be interrupted with an announcement when the balance is about to be depleted.

When the balance is depleted, the Customer can either call the toll-free number on the back of the Company Prepaid Calling Card and "recharge" the balance on the card using a nationally recognized credit card, or the Customer can throw the card away and purchase a new one. Calls in progress will be terminated by the Company if the balance on the Company Prepaid Calling Card is insufficient to continue the call.

A card will expire on the date indicated on the card, or if no date is specified, 12 months from the date of purchase, or the date of last recharge, whichever is later. The Company will not refund unused balances.

A credit allowance for the Company Prepaid Calling Card Service is applicable to calls that are interrupted due to poor transmission, one-way transmission, or involuntary disconnection of a call. A Customer may also be granted credit for reaching a wrong number. To receive the proper credit, the Customer must notify the Company at the designated toll-free customer service number printed on the Company Prepaid Calling Card and furnish the called number, the trouble experienced (e.g. cut-off, noisy circuit, reached wrong number, etc.), and the approximate time that the call was placed.

When a call charged to a Company Prepaid Calling Card is interrupted due to cut-off, one-way transmission, or poor transmission conditions, the Customer will receive a credit equivalent of one Telecom Unit.

Credit allowances for calls pursuant to Company Prepaid Card Service do not apply for interruptions not reported promptly to the Company or interruptions that are due to the failure of power, equipment or systems not provided by the Company.

Credit for failure of service shall be allowed only when such failure is caused by or occurs due to causes within the control of the Company.

The Company will block all calls beginning with the NPA "900" and NXX "976" calls, therefore such calls can not be completed.

3.5.5 Directory Assistance.

Access to long distance directory assistance is obtained by dialing 1 + 555-1212 for listings within the originating area code and 1 + (area code) + 555-1212 for other listings. When more than one number is requested in a single call, a charge may apply for each number requested. A charge will be applicable for each number requested, whether or not the number is listed or published.

3.5.6 Specialized Pricing Arrangements.

Customized service packages and competitive pricing packages at negotiated rates may be furnished on a case-by-case basis in response to requests by Customers to the Company for proposals or for competitive bids. Service offered under this tariff provision will be provided to Customers pursuant to contract. Unless otherwise specified, the regulations for such arrangements are in addition to the applicable regulations and prices in other sections of the tariff. Specialized rates or charges will be made available to similarly situated Customers on a non-discriminatory basis. All such specialized pricing arrangements will be filed with the Commission.

3.5.7 Emergency Call Handling Procedures

Emergency "911" calls are not routed to company, but are completed through the local network at no charge.

3.5.8 Promotional Offerings

The Company may, from time to time, make promotional offerings to enhance the marketing of its services. These offerings may be limited to certain dates, times and locations. The Company will notify the Commission of such offerings as required by Commission rules and regulations.

SERVICE REQUIREMENTS FORM

The provider affirms that it is in compliance with Commission directives concerning the following checked items, and that this represents an up-to-date listing of applicable "generic" service requirements. The provider understands that this in no way supersedes the context of the applicable Commission orders described below.

A. MANDATORY REQUIREMENTS FOR ALL CTS PROVIDERS:

☒ 1. SALES TAX

Applicable to all competitive telecommunication service providers (See also Case No. 87-1010-TP-UNC)

Certain telecommunication services, as defined in the Ohio Revised Code, are subject to state sales tax at the prevailing tax rates, if the services originate, or terminate in Ohio, or both, and are charged to a subscriber's telephone number or account in Ohio.

☒ 2. DEPOSITS

If a deposit is requested, it may not exceed the estimated charges for two months tariffed services plus 30 percent of the monthly estimated charge for a specified customer. Deposits held less than 180 days shall not accrue interest. Interest on intrastate deposits held for 180 days or longer will be handled in accordance with Rule 4901:1-17-05 of the Ohio Administrative Code.

B. REQUIREMENTS FOR PROVIDERS OF CERTAIN CTSs, OR WHERE CERTAIN CONDITIONS OF SERVICE ARE UTILIZED (check all applicable):

☒ 1. DISCOUNTS FOR PERSONS WITH COMMUNICATION DISABILITIES AND THE TELECOMMUNICATION RELAY SERVICE

Applicable to all competitive telecommunication service providers offering message toll service (MTS) (See also Case No. 87-206-TP-COI and 91-113-TP-COI):

Provider's Name: Go Solo Technologies, Inc.

Case No. - CT-ACE

Issued: September 19, 2000

- a. For purposes of these requirements, the definition of disabled refers to those persons with communication disabilities, including those hearing disabled, deaf, deaf/blind, and speech disabled persons who have a disability that prevents them from communicating over the telephone without the aid of a telecommunications device for the communicatively disabled.
- b. Residential disabled customers or disabled members of a customer's household, upon written application and upon certification of their disabled status, which is evidenced by either a certificate from a physician, health care official, state agency, or a diploma from an accredited educational institution for the disabled, are eligible to receive a discount off their MTS rates, and, if they utilize telebraille devices, they are eligible to receive free access to local and intrastate long distance directory assistance. Additionally, TDD lines maintained by non-profit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the disabled are eligible to receive a discount off their MTS rates.
- c. Upon receipt of the appropriate application, and certification or verification of a person with a communication disability, one of the following discounts shall be made available for the benefit of the disabled person:
 - i. Off the basic MTS, current, price list day rates: a 40 percent discount off the intrastate, interexchange, customer-dialed, station-to-station calls occurring between 8:00 a.m. and 4:59 p.m. Monday through Friday; a 60 percent discount off the intrastate, interexchange, customer-dialed, station-to-station calls occurring between 5:00 p.m. and 10:59 p.m. Sunday through Friday, and New Year's Day, Independence Day, Labor Day, Thanksgiving, and Christmas; and a 70 percent discount off the intrastate, interexchange, customer-dialed, station-to-station calls occurring between 11:00 p.m. and 7:59 a.m. any day, 8:00 a.m. and 4:59 p.m. Sunday, and all day Saturday; or
 - ii. Off the basic MTS, current, price list day rates: no less than a straight 70 percent discount shall be made available on a 24-hour a day basis; or

Provider's Name: Go Solo Technologies, Inc.

Case No. - -CT-ACE

Issued: September 19, 2000

- iii. For MTS offered pursuant to the mileage-banded rate structure established in the Commission's April 9, 1985 Opinion and Order in Case No. 84-944-TP-COI, with the traditional day, evening, and night/weekend discounts: the "evening" discount off the intrastate, interexchange, customer-dialed, station-to-station calls placed during the "day" period Monday through Friday; and the "night/weekend" discount off the intrastate, interexchange, customer-dialed, station-to-station calls placed during the "evening" period Sunday through Friday, and on New Year's Day, Independence Day, Labor Day, Thanksgiving, and Christmas. Furthermore, the "night/weekend" discount plus an additional discount equivalent to no less than ten percent of the company's current, price list, "day" rates for basic MTS shall be made available for intrastate, interexchange, customer-dialed, station-to-station calls placed during the "night/weekend" period any day, the "day" period Sunday, and all day Saturday.
- d. All MTS calls placed through the telecommunication relay service (TRS) are eligible to receive a discount off the MTS rates. The rate discounts are the same as those set forth in paragraph 1.c. preceding. The discount shall not apply to sponsor charges associated with calls placed to pay-per-call services, such as 900, 976, or 900-like calls.

X 2. EMERGENCY SERVICES CALLING PLAN

Applicable to all competitive telecommunication service providers offering MTS (See also Case Nos. 85-1466-TP-COI and 89-54-TP-COI):

Message toll telephone calls, to governmental emergency service agencies as set forth in (a) following, having primary or principal responsibility with respect to the provision of emergency services to persons and property in the area from which the call is made, meeting the definition and criteria of an emergency call as set forth in (b) following, are offered at no charge to customers:

Provider's Name: Go Solo Technologies, Inc.

Case No. - -CT-ACE

Issued: September 19, 2000

- a. Governmental fire fighting, Ohio State Highway Patrol, police, and emergency squad service (as designated by the appropriate governmental agency) qualify as governmental emergency service agencies provided they answer emergency service calls on a personally attended (live) 24-hour basis, 365 days a year, including holidays.
- b. An emergency is an occurrence or set of circumstances in which conditions pose immediate threat to human life, property, or both, and necessitate that prompt action be taken. An emergency call is an originated call of short duration to a governmental emergency service agency in order to seek assistance for such an emergency.

3. ALTERNATIVE OPERATOR SERVICES

The following applies to the provision of alternative operator services (AOS) (See also Case No. 88-560-TP-COI):

Preceding the maximum operator-assisted surcharges set forth in the text of the tariff, as well as preceding the operator-assisted surcharges set forth in the price list attached to the tariff, the CTS must insert a statement which specifies whether the rates as set forth apply to the provider's provision of traditional operator services, AOS, or both.

a. Definitions

- i. AOS are those services provided by the provider in which the customer and the end user are totally separate entities. The provider contracts with the customer to provide the AOS; however, the provider does not directly contract with the end user to provide the services even though it is an end user who actually pays for the processing of the operator-assisted calls.
- ii. Traditional operator services are those services provided by the provider in which the end user has a customer relationship with the provider, the provider contracts with the customer/end user to provide the services, and the customer/end user pays for the actual processing of the operator-assisted calls.

b. AOS Service Parameters

Provider's Name: Go Solo Technologies, Inc.

Case No. - -CT-ACE

Issued: September 19, 2000

- i. For local operator-assisted calls, the AOS provider shall not charge the billed party more than the local exchange company (LEC) price list rates for a local operator-assisted call in the same exchange. This requirement includes both the rates for MTS and operator surcharges.
- ii. For intraLATA, intrastate calls, the AOS providers serving secured facilities shall not charge the billed party more than the LEC price list rates for an intraLATA, intrastate call. This requirement includes both the rates for MTS and operator surcharges. This requirement is only applicable in those situations where the billed party does not have access to other operator service providers (OSPs) for the call from the secured facility.
- iii. For intraLATA and interLATA, intrastate calls, each AOS provider must apply one of the following MTS price ceilings to the MTS provided in conjunction with AOS (see also Case No. 89-563-TP-COI):

<u>Mileage Band</u>	<u>Initial Minute</u>	<u>Each Additional Minute</u>
1 - 10	.32	.16
11 - 22	.40	.22
23 - 55	.48	.28
56 - 124	.57	.37
125 - end	.58	.39

or;

\$.36 per minute of use

This rule does not apply to the provision of intraLATA, intrastate calls from secured inmate facilities where there is no access to other OSPs; the rates for those types of calls are addressed in 3.B.i. and ii., above.

- iv. For intraLATA and interLATA, intrastate calls, each AOS provider's maximum interexchange operator-assisted rates shall be no more than;

Provider's Name: Go Solo Technologies, Inc.

Case No. - -CT-ACE

Issued: September 19, 2000

- i. \$1.70 for customer-dialed calling card calls;
- ii. \$2.50 for operator-handled calls; and
- iii. \$4.80 for person-to-person calls.

This rule does not apply to the provision of intraLATA, intrastate calls from secured inmate facilities where there is no access to other OSPs; the rates for those types of calls are addressed in Attachment 3.B.1., above.

- v. Notice of any change in the rates stated in 3.B.i. through iv., whether it be upward or downward, must be filed by the OSP with the Commission in the form of a new price list, on or before the effective date in accordance with Commission-established filing rules.

X 4. LIMITATION OF LIABILITY

The following is applicable to all competitive telecommunication providers that choose to include in their tariffs language which may limit their liability (See also Case No. 85-1406-AU-COI):

Approval of limitation of liability language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

X 5. TERMINATION LIABILITY

The following is applicable to all the competitive telecommunication providers that choose to include in their tariffs language which may limit their liability for early termination of a contract or term payment plan:

Commission authorization of the termination liability language pursuant to the 0-day notice procedure is not intended to indicate that the Commission has approved or sanctioned any terms or provisions contained therein. Signatories to such contracts shall be free to pursue whatever legal remedies they may have should a dispute arise.

2.11 Reserved For Future Use2.12 Taxes

The customer is responsible for the payment of all state, local and E911 taxes, surcharges, utility fees, or other similar fees for which the end user is directly responsible and that may be levied by a governing body or bodies in conjunction with or as a result of a service furnished under a tariff on file with the Public Utilities Commission of Ohio. These charges may appear as separate line items on the customer's bill, as opposed to being included in the rates contained in a tariff. Any such line item charges will be reflected in the Company's tariff. The company shall not assess separately any taxes, fees or surcharges, other than government-approved sales taxes imposed directly on the end users, without seeking Commission approval under the appropriate local competition procedures required by the Commission. The company shall comply with Commission procedures by sending notice to all customers informing them of the new line item charges.

2.13 Late Charge

A late fee of 1.5% monthly or the amount otherwise authorized by law, whichever is lower, will be charged on any past due balances. Late payment fees should not include interest on previously charged late payment fees.

TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph Number Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I
- 2.1.1.A.1.(a).I.(i)
- 2.1.1.A.1.(a).I.(i).(1)

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on Commission file.

SECTION 2 - RULES AND REGULATIONS2.1 Undertaking of the Company

This tariff contains some regulations applicable to intrastate interexchange telecommunications services provided by the Company for telecommunications between points within the State of Ohio. All terms and conditions herein will comply with Ohio MTSS. Services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis and are not intended to be limited geographically. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services shall file a service application with the Company which fully identifies the Customer, the services requested and other information requested by the Company. The Company reserves the right to examine the credit record and check the references of all applicants and Customers. The Company may examine the credit profile/record of any applicant prior to accepting the service order or a Customer's deposit, if required. The service application shall not in itself obligate the Company to provide services or to continue to provide service if a later check of applicant's credit record is, in the opinion of the Company, contrary to the best interest of the Company. If service is denied, Customer deposits, if required, will be returned immediately. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement.

2.2 Liability of the Company

- 2.2.1 The Company shall not be liable for, and shall be fully indemnified and held harmless by the Customer against any claim, loss, expense, or damage for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name or service mark, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data or information transmitted.
- 2.2.2 No agent or employee of any other carrier or entity shall be deemed to be an agent or employee of the Company.
- 2.2.3 Unless caused by the negligence or willful misconduct of the Company, its liability for damages, resulting in whole or in part from or arising in connection with the furnishing of service under this tariff, including but not limited to mistakes, omissions, interruptions, delays, errors, or other defects or misrepresentations shall not exceed an amount equal to the charges provided for under this tariff for the long distance call for the period during which the call was affected.
- 2.2.4 Unless caused by the negligence or willful misconduct of the Company, it shall not be liable for any and all loss, claims, demands, suits, or other action or any liability whatsoever, whether suffered, made, instituted, or asserted by any Customer or any other entity for any personal injury to, or death of, any person or persons, and for any loss, damage, defacement or destruction of the premises of any Customer.

EXHIBIT C

(Summary of Changes)

This filing is made in compliance with Case No. 06-1345-TP-ORD-Application to Detariff Certain Tier 2 Services and to make other changes related to the implementation of Case No. 06-1345-TP-ORD. These tariff revisions relate to Go Solo Technologies, Inc., PUCO Tariff No. 1 (Interexchange Telecommunications Services).

Go Solo Technologies, Inc. hereby provides notice that the Company is detariffing the majority of its Tier 2 services pursuant to the Commission's September 19, 2007, Implementation Order in Case No. 06-1345-TP-ORD, by cancelling PUCO Tariff 1 and replacing it with PUCO Tariff 2. The contents of PUCO Tariff 2 are derived verbatim from PUCO Tariff 1, except as noted in the "Modifications" column in the Narrative of Tariff Changes chart provided below.

Detariffed services can now be found on the Company's website at www.ohiotelecom.us or by contacting the Company at 419-734-2369. Customers were notified of this change via U.S. mail dated February 23, 2009.

EXHIBIT D

(Explanation of Compliance with OAC 4901:1-6-05(G)(3))

Go Solo Technologies, Inc. intends to comply with Rule 4901:1-6-5(G)(3) by posting the rates, terms, and conditions for detariffed services on the Company's websites at www.gosolo.com and www.primerica.gosolo.com.

EXHIBIT E

(Customer Notices)

Please note that Go Solo Technologies, Inc. only has residential customers in Ohio. Therefore, a non-residential notice was not necessary.

In addition, please note that Go Solo Technologies, Inc. used two different versions of the customer notice, each version containing a unique website and customer service number. This was necessary due to the manner in which Go Solo Technologies Inc. provides customer support to specific customer groups.

[RESIDENTIAL CUSTOMER NOTICE VERSION I]

February 23, 2009:

Dear GoSolo Customer:

In support of the continued development of competitive markets, the Public Utilities Commission of Ohio (PUCO) has ordered that long distance telecommunications providers, including GoSolo, "detariff" the prices, service descriptions, and the terms and conditions for their service. As a result of this order, beginning on March 15, 2009, the prices, service descriptions, and the terms and conditions for long distance services that you are provided by GoSolo will no longer be on file at the PUCO.

This modification will not result in a change in the prices, terms, or conditions of those services to which you currently subscribe. GoSolo must still provide a customer notice at least fifteen days in advance of any rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings online at www.gosolo.com, or by calling GoSolo at the toll free number 866-246-7656. Since long distance services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, as with any contract, it will be important that you carefully review and confirm the price, terms and conditions.

EXHIBIT E CONTINUED

If you have any questions about this matter, please call GoSolo at 866-246-7656. You may also visit the consumer information page on the PUCO's website at puco.ohio.gov for further information.

Sincerely,
GoSolo
