COMPLAINT DESCRIPTION:

I am very much against the AEP wanting to raise our electric rates. We are all earning much less and paying more for taxes etc. With the economy being bad and people out of work we are all struggling to keep our bills paid. This will just make more people default on paying their utilities. I think its time the executives start living on a bit less money, to help things out if they are that bad in the company. No rate increases...We cannot afford it!
