TARIFF FORMAT SHEETS

- A. Sheet Numbering** B Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers** B Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the P.U.C.O.. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc., the P.U.C.O. follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence** B There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Sheets** B When a tariff filing is made with the P.U.C.O., an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the P.U.C.O.

RESIDENTIAL CUSTOMER NOTICE

March 10, 2009

Dear Customer:

Beginning on April 1, 2009, the prices, service descriptions, and the terms and conditions for long distance services that you are provided by OneLink Communications, Inc. ("OneLink") will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. OneLink must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings online at www.onelinkcomm.com or you can request a copy of this information by contacting OneLink in writing at 8400 N. University Drive, Suite 204, Tamarac, FL 33321, or by calling 1-800-557-4033.

Since long distance services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call OneLink at our toll free number 800-557-4033 or visit us at www.onelinkcomm.com. You may also visit the consumer information page on the PUCO's website at puco.ohio.gov for further information.

Sincerely,

OneLink Communications, Inc.
