Features

Caller ID

See what the number is, then decide if you want to answer
There are telephone carriers that charge as much as \$7.50 per month for Caller ID. Not at NET TALK. We give you the control plus information you need – and you pay not a penny more! Caller ID works with Call Waiting as well. You can be on the phone when someone else calls. See what number is calling and if you choose, do not answer. The call will simply go to your voicemail. Cool!

Call Waiting

Hear the beep, if you do not want to answer, you simply let the call go to your Voicemail.

Voicemail

NET TALK allows you to access your voicemail wherever, however, and whenever you decide. You can access your voicemail from any phone, from your Online Account, or through your email. NET TALK can send you a voicemail notification on any email address with the actual spoken message as an audio file. Play back your voicemail messages through yours or anyone's PC without touching a phone.

Transfer

CallTransfer lets you direct a live call to any other phone number in the NET TALK network, anywhere in world. Operates on a single call basis and on incoming calls only, after you have picked up the call.

Call Forwarding/Multiring

Forward your calls anytime and to anywhere. Plus, NET TALK allows you to decide if you want the call to be sent simultaneously to different numbers or first ring to one number, and then to another number when the first does not answer.

3-Way Calling

Happens all the time you are on the phone and need to consult with someone else to get the answer to a question now. No biggy, just add that other person in a three way call, and the answer was that easy. No wasted time hanging up with one person, calling another, hanging up with them and then calling back the first person. NET TALK 3-Way Calling allows you to put on a third party on the same call. And again, all of this at no extra charge. Unlike others who claim you can have up

to six callers if one other person has 3-way calling and cannot deliver on this claim we provide you with an even better solution. If you need more people, not a problem, try our free conference calling network where we allow you to have over twenty callers on the line at the same time.

Caller ID

Don't show your number unless you want to

You might call a company as you need some information – however, you might not necessarily want the called party to have your telephone number. It could also be that you are just setting up a surprise party for a family member or friend. That is when Caller ID Block can be of beneficial help. NetBlock Caller ID Block provides that privacy protection whenever you need it – at no extra charge.

Do not Disturb

Like your favorite hotel, you can place a Do Not Disturb Indicator on your telephone! If you are like the rest of us, there are times when you simply do not want to be disturbed by a ringing telephone, in the middle of a meal. NET TALK gives you the ability to simply block all incoming calls wherever you desire. We make it simple to turn it on or off as you want. This is a free service. When this service is utilized, all incoming calls go automatically to voicemail, so you miss nothing.

Anonymous Call Block

Callers unknown? Block the call

NET TALK allows you to Block Anonymous calls. It is easy to stop those pesky anonymous calls. Any calls from callers that have deliberately blocked their Caller ID will go to a system message stating that you do not take anonymous calls. The caller will be invited to terminate the call and try again with unblocked Caller ID. NET TALK allows the control you need.

Account Online

You like to be in control?

NET TALK Account Online places it all under your control. You can manage the entire array of NET TALK features, services, and add-on features, so that they are as you want them. Add a new number or line as you want them. Review and change billing information; manage your voicemail and even more. It's your world, you can control it.

411

Assistance at your fingertip. You finally get a directory service that's easy to use, with comprehensive listings in the US, and Canada. But unlike others, this service is completely free.

Conferencing

Talk to a lot of people at the same time? Only NET TALK gives each and every customer a conference number and access code that allows over 20 people to talk together at the same time. Simply have everyone dial in and access with the access code.

TERMS & CONDITIONS

This agreement ("Agreement") is between Net Talk.com Inc., hereafter all known as Net Talk.com Inc., and an end user ("End User") of the Net Talk.com Inc. Voice Communications Service ("Net Talk.com Inc."). Any Net Talk.com Inc. services or products ("Services") provided by Net Talk.com Inc. to End User shall be governed by the terms and conditions herein. By activating the Services, END USER AGREES TO BE BOUND BY THESE TERMS AND CONDITIONS, PLEASE READ THESE TERMS AND CONDITIONS CAREFULLY. They affect the legal rights between End User and Net Talk.com Inc by, among other things, requiring (1) MANDATORY ARBITRATION OF DISPUTES; (2) charging an EARLY DISCONNECTION FEE; and (3) LIMITING NET TALK.COM INC.'S LIABILITY UNDER THE AGREEMENT. End User acknowledges that they are of legal age to enter into this Agreement.

1. TERMS AND CONDITIONS. The terms and conditions stated herein are in lieu of and replace any and all terms and conditions set forth in any documents issued by End User, including, without limitation, purchase orders and specifications. ANY ADDITIONAL, DIFFERENT, OR CONFLICTING TERMS AND CONDITIONS ON ANY SUCH DOCUMENT ISSUED BY END USER AT ANY TIME ARE

HEREBY OBJECTED TO BY Net Talk.com Inc, AND ANY SUCH DOCUMENTS SHALL BE WHOLLY INAPPLICABLE TO ANY SALE MADE OR SERVICE RENDERED HEREUNDER AND SHALL NOT BE BINDING IN ANY WAY ON NET TALK.COM INC.

2. TERM. The term of this Agreement ("Term") begins on the date that End User purchases Services and continues for the duration of the service period as defined by the service plan that is selected by End User ("Plan"). Subsequent terms of this Agreement automatically renew on a monthly basis without further action by End User unless End User gives Net Talk.com Inc., written notice of non-renewal at least ten (10) days before the end of the monthly term in which notice is given. End User is purchasing the Service for full monthly terms, meaning that if End User attempts to terminate Service prior to the end of a monthly term, End User will be responsible for the full month's charges to the end of the then-current term, including without limitation unbilled charges, plus any applicable disconnect fee, all of which immediately become due and payable. Expiration of the term or termination of the Services does not excuse the End User from paying all unpaid, accrued charges due in relation to the Agreement hereunder. If End User chooses to cancel the service before the end of the current term, Disconnection fees may apply as set forth below.

3. EMERGENCY SERVICES - 911 DIALING FOR United States Locations ONLY

3.1 Non-Availability of Traditional 911 or E911 Dialing Service. The Service does not support traditional 911 or E911 access to emergency services in all locations. Where we do not offer traditional 911 or E911 access, we offer a feature known as "911 Dialing" which is a limited emergency calling service available only on Net Talk.com Inc-certified Devices or Equipment. The 911 Dialing feature cannot be used in conjunction with an Net Talk.com Inc. Soft Phone or Virtual Numbers. Our 911 Dialing feature is not automatic; you must separately take affirmative steps, as described in this Agreement and on our website, to register the address where you will use the Services in order to activate the 911 Dialing feature. You must do this for each Net Talk.com Inc. phone number that you obtain. The 911 Dialing feature of the Service is different in a number of important ways from traditional 911 or E911 service as described on our website page for 911 Dialing under "Features," and below. You shall inform any household residents, guests and other third persons who may be present at the physical location where you utilize the Service of (i) the non-availability of traditional 911 or E911, and (ii) the important differences in and limitations of the Net Talk.com Inc 911 Dialing feature as compared with traditional 911 or E911 dialing. The documentation that accompanies each Device that you purchase should include a sticker or cut outs concerning the potential non-availability of traditional 911 or E911 dialing (the "911 Sticker or cut outs"). It is your responsibility, in accordance with the instructions that accompany each Device, to place the 911 Sticker on each Device that you use with the Service. If you did not receive a 911 Sticker or a cut outs with your Device, or you require additional 911 Stickers or cut outs, please contact our customer care department at 1-305-621-1200.

3.2 Registration of Physical Location Required. For each phone number that you use for the Service, you must register with Net Talk.com Inc. the physical location where you will be using the Service with that phone number. When you move the Device to another location, you must register your new location. If you do not register your new location, any call you make using the 911 Dialing feature may be sent to an emergency center near your old address. You will register your Initial location of use when you subscribe to the Service. Thereafter, you may register a new location by following the instructions from the "911" registration link on your web account dashboard features page. For purposes of the 911 Dialing feature, you may only register one location at a time for each phone line you use with the Service.

3.3 Confirmation of Activation Required. Your 911 Dialing feature will not be activated for any phone line that you are using with the Service, unless and until you receive an email from us confirming that the 911 Dialing feature has been activated for that phone line.

3.4 How Emergency Personnel are Contacted. We contract with a third party to use the address of your registered location to determine the nearest emergency response center and then forward your call to a general number at that center. When the center receives your call, the operator will not have your address and may not have your phone number. You must therefore provide your address and phone number in order to get help. Some local emergency response centers may decide not to have their general numbers answered by live operators 24 hours a day. If we learn that this is the case, we will send your call instead to a national emergency calling center and a trained agent will contact an emergency center near you to dispatch help. You hereby authorize us to disclose your

name and address to third-party service providers, including, without limitation, cell routers, call centers and public service answering points, for the purpose of dispatching emergency services personnel to your registered location.

3.5 Service Outages.

(a) Service Outages Due to Power Failure or Disruption or lack of High-speed Broadband connections. 911 Dialing does not function in the event of a power failure or disruption or for lack of High-speed Broadband connectivity. If there is an interruption in the power supply, the Service, including 911 Dialing, will not function until power is restored. Following a power failure or disruption, you may need to reset or reconfigure the Device prior to utilizing the Service, including 911 Dialing.

(b) Service Outages Due to Internet Outage or Suspension or Termination of Broadband Service or ISP Service. Service outages or suspensions or terminations of service by your broadband provider or ISP will prevent all Service, including 911 Dialing, from functioning.

(c) Service Outage Due to Suspension or Termination of Your Net Talk.com Inc. Account. Service outages due to suspension or termination of your account will prevent all Service, including 911 Dialing, from functioning.

(d) Service Outages Due to ISP or Broadband Provider Blocking of Ports or Other Acts. Your ISP or broadband provider or other third party may intentionally or inadvertently block the ports over which the Service is provided or otherwise impede the usage of the Service. In that event, provided that you alert us to this situation, we will attempt to work with you to resolve the issue. During the period that the ports are being blocked or your Service is impeded, and unless and until the blocking or impediment is removed or the blocking or impediment is otherwise resolved, your Service, including the 911 Dialing feature, may not function. You acknowledge that Net Talk.com Inc is not responsible for the blocking of ports by your ISP or broadband provider or any other impediment to your usage of the Service, and any loss of service, including 911 Dialing that may result. In the event you lose service as a result of blocking of ports or any other impediment to your usage of the Service, you will continue to be responsible for payment of the Service charges unless and until you terminate the Service in accordance with this Agreement.

(e) Other Service Outages. If there is a Service outage for any reason, such outage will prevent all Service, including 911 Dialing, from functioning. Such outages may occur for a variety of reasons, including, but not limited to, those reasons described elsewhere in this Agreement.

3.6 Re-Activation Required if You Change Your Number or Add or Port New Numbers. 911 Dialing does not function if you change your phone number or if you add or port new phone numbers to your account, unless and until you successfully register your location of use for each changed, newly added or newly ported phone number.

3.7 Network Congestion; Reduced Speed for Routing or Answering 911 Dialing Calls. There may be a greater possibility of network congestion and/or reduced speed in the routing of a 911 Dialing call made utilizing the Service as compared to traditional 911 dialing over traditional public telephone networks.

3.8 Possible Lack of Automatic Number Identification. It may or may not be possible for the local emergency personnel to automatically obtain your phone number when you use 911 Dialing. Our system is configured to send the automatic number identification information; however, one or more telephone companies, not us, route the traffic to the emergency response center and that center may not be capable of receiving and passing on that information. As a result, the operator who answers your 911 Dialing call may not be able to automatically obtain your phone number and call you back if the call is not completed or is not forwarded, is dropped or disconnected, if you are unable to speak to tell the operator your phone number, or if the Service is not operational for any reason.

3.9 No Automated Location Identification. In most service areas, it is not possible at this time to transmit to the local emergency response center the address that you registered for 911 Dialing. You will need to state the nature of your emergency promptly and clearly, including your location (and possibly your telephone number), as the operator will not have this information. Emergency personnel will not be able to find your location if the call is not completed or is not forwarded, is dropped or disconnected, if you are unable to speak to tell the operator your location, or if the Service is not operational for any reason.

3.10 Disclaimer of Liability and Indemnification. We do not have any control over whether, or the

manner in which, calls using our 911 Dialing service are answered or addressed by any local emergency response center. We disclaim all responsibility for the conduct of local emergency response centers and the national emergency calling center. We rely on third parties to assist us in routing 911 Dialing calls to local emergency response centers and to a national emergency calling center. We disclaim any and all liability or responsibility in the event such third party data used to route calls is incorrect or yields an erroneous result. Neither Net Talk.com Inc nor its officers or employees may be held liable for any claim, damage, or loss, and you hereby waive any and all such claims or causes of action, arising from or relating to our 911 Dialing service unless such claims or causes of action arose from our gross negligence, recklessness or willful misconduct. You shall defend, indemnify, and hold harmless Net Talk.com Inc, its officers, directors, employees, affiliates and agents and any other service provider who furnishes services to you in connection the Service, from any and all claims, losses, damages, fines, penalties, costs and expenses (including, without limitation, attorneys fees) by, or on behalf of, you or any third party relating to the absence, failure or outage of the Service; including 911 Dialing, incorrectly routed 911 Dialing calls, and/or the inability of any user of the Service to be able to use 911 Dialing or access emergency service personnel.

3.11 Alternate 911 Arrangements. If you are not comfortable with the limitations of the 911 Dialing service, you should consider having an alternate means of accessing traditional 911 or E911 services or terminating the Service. We strongly recommend that you use a traditional land line telephone to call 911.

4. SERVICE

4.1 Term. Service is offered on a monthly basis for a term that begins on the date that Net Talk.com Inc. activates your Service and ends on the day before the same date in the following month. Subsequent terms of this Agreement automatically renew on a monthly basis unless you give us written notice of non-renewal at least ten (10) days before the end of the monthly term in which the notice is given. You are purchasing the Service for full monthly terms, meaning that if you attempt to terminate Service prior to the end of a monthly term, you will be responsible for the full month's charges to the end of the then-current term, including, without limitation, unbilled charges, plus a termination fee, if applicable, all of which will immediately become due and payable. You will also be responsible for the next full month's charges in the event that you do not provide the requisite ten-day notice of termination prior to the expiration of the then-current term. Expiration of the term or termination of Service will not excuse you from paying all accrued and unpaid charges due under this Agreement.

In addition, you will be required to pay our higher rates for commercial service for all periods in which your use of the Service or the Device was inconsistent with normal residential use. If you subscribe to Net Talk.com Inc.'s Unlimited USA & Canada Residential plan and exceed 1500 minutes per month, such excess will opt you out of this plan and you will be charged as Net Talk.com Inc Business instead.

We reserve the right to immediately terminate or modify your Service if we determine, in our sole and absolute discretion, that you have at any time used the Service for any of the aforementioned or similar activities.

4.5 Prohibited Uses.

(a) Unlawful. You shall use the Service and the Device only for lawful purposes. We reserve the right to immediately terminate your Service if, in our sole and absolute discretion, we determine that you have used the Service or the Device for an unlawful purpose. In the event of such termination, you will be responsible for the full month's charges to the end of the current term, including, without limitation, unbilled charges, plus a termination fee, if applicable, all of which will become immediately due and payable upon termination of your Service. If we believe that you have used the Service or the Device for an unlawful purpose, we may forward the relevant communication and other information, including your identity, to the appropriate authorities for investigation and prosecution. You hereby consent to our forwarding of any such communications and information to these authorities. In addition, Net Talk.com Inc will provide information in response to law enforcement requests, subpoenas, court orders, to protect its rights and property and in the case where failure to disclose the information may lead to imminent harm to the customer or others.

(b) Inappropriate Conduct. You shall not use the Service or the Device in any way that is threatening, abusive, harassing, defamatory, libelous, deceptive, fraudulent, invasive of another's privacy, or any similar behavior. We reserve the right to immediately terminate your Service if, in our sole and absolute discretion, we determine that you have used the Service or the Device in any of the aforementioned ways. In the event of such termination, you will be responsible for the full month's charges to the end of the current term, including, without limitation, unbilled charges, plus a termination fee, if applicable, all of which will become immediately due and payable upon termination of your Service. In addition, Net Talk.com Inc. will provide information in response to law enforcement requests, subpoenas, court orders, to protect its rights and property and in the case where failure to disclose the information may lead to imminent harm to the customer or others.

4.6 Use of Service and Device by Customers Outside the United States. Although we encourage you to use of the Service to place calls to foreign countries from within the United States, we do not presently offer or support the Service in any countries other than the United States and Canada. If you use the Service or the Device outside of the United States or Canada, you will be solely responsible for any violations of local laws and regulations resulting from such use. We reserve the right to terminate your Service immediately if we determine, in our sole and absolute discretion, that you have used the Service or the Device outside of the United States or Canada.

4.7 Copyright; Trademark; Unauthorized Usage of Device; Firmware or Software.

(a) Copyright; Trademark. The Service and Device and any firmware or software used to provide the Service or provided to you in conjunction with providing the Service, or embedded in the Device, and all Services, information, documents and materials on our websites are protected by trademark, copyright or other intellectual property laws and international treaty provisions. All of our websites, corporate names, service marks, trademarks, trade names, logos and domain names (collectively "marks") are and will at all times remain our exclusive property. Nothing in this Agreement grants you the right or license to use any of our marks.

(b) Unauthorized Usage of Device; Firmware or Software. Other than for Business Plus customers, you have not been granted any license to use the firmware or software used to provide the Service or provided to you in conjunction with providing the Service, or embedded in the Device, other than a nontransferable, revocable license to use such firmware or software in object code form (without making any modification thereto) strictly in accordance with the terms and conditions of this Agreement. Other than for Business Plus customers, you expressly agree that the Device is exclusively for use in connection with the Service and that we will not provide any passwords, codes or other information or assistance that would enable you to use the Device for any other purpose. We reserve the right to prohibit the use of any interface device that we have not provided to you. You hereby represent and warrant that you possess all required rights, including software and/or firmware licenses, to use any interface device that we have not provided to you. In addition, you

shall indemnify and hold us harmless against any and all liability arising out of your use of such interface device with the Service. You shall not reverse compile, disassemble or reverse engineer or otherwise attempt to derive the source code from the binary code of the firmware or software.

4.8 Tampering with the Device or Service. You shall not change the electronic serial number or equipment identifier of the Device or to perform a factory reset of the Device without our prior written consent. We reserve the right to terminate your Service if we believe, in our sole and absolute discretion, that you have tampered with the Device. In the event of such termination, you will remain responsible for the full month's charges to the end of the current term, including, without limitation, unbilled charges, plus a termination fee, if applicable, all of which will immediately become due and payable. You shall not attempt to hack or otherwise disrupt the Service or make any use of the Service that is inconsistent with its intended purpose.

4.9 Theft of Service. You shall notify us immediately, in writing or by calling our customer support line, if the Device is stolen or if you become aware at any time that your Service is being stolen, fraudulently used or otherwise being used in an unauthorized manner. When you call or write, you must provide your account number and a detailed description of the circumstances of the Device theft, fraudulent use or unauthorized use of Service. Failure to do so in a timely manner may result in the termination of your Service and additional charges to you. Until such time as we receive notice of the theft, fraudulent use or unauthorized use, you will be liable for all use of the Service using a Device stolen from you and any and all stolen, fraudulent or unauthorized use of the Service.

4.10 Return of Device (Does Not Apply to Business Plus Customers)

(a) Retail Customers. A Retail Customer may only return the Device to the retail store, dealer or other provider from which the Retail Customer purchased the Device. All returns will be subject to the return policy of such retail store, dealer or other provider. We will not accept any Device returned to us from a Retail Customer.

(b) Non-Retail Customers. Non-Retail Customers may return the Device to us within fourteen (14) days of the termination of Service to receive a credit for the \$39.99 termination fee (See Section 3.6) provided that that they have signed up for the one year commitment otherwise the following will apply:

- the Device is in original condition, reasonable wear and tear excluded;
- the original proof of purchase is returned with the Device, together with the original packaging, all parts, accessories, and documentation;
- Prior to returning the Device to us, you obtain a valid return authorization number from our customer care department, which can be reached at billing@nettalk.com or 1-305-621-1200; and you pay all costs of shipping the Device back to us.

If you disconnect multiple lines, we will issue you a credit for all termination fees upon receipt of all Devices in accordance with the requirements set forth above.

If you receive cartons or Devices that are visibly damaged, you must note the damage on the carrier's freight bill or receipt and keep a copy. In such event, you must keep the original carton, all packing materials and parts intact in the same condition in which they were received from the carrier and contact our customer care department immediately at billing@nettalk.com or 1-305-261-2007 ext. 200.

4.11 Number Transfer on Service Termination. Upon the termination of your Service, we may, in our sole and absolute discretion, release to your new service provider the telephone number that you ported (transferred or moved over) to us from your previous service provider and used in connection with your Service if:

- such new service provider is able to accept such number;
- your account has been properly terminated;
- your account is completely current, including payment for all charges and applicable termination fees; and
- you request the transfer upon terminating your account.

4.12 Service Distinctions. The Service is not a telecommunications service and we provide it on a best efforts basis. Important distinctions exist between telecommunications service and the Service offering that we provide. The Service is subject to different regulatory treatment than telecommunications service. This treatment may limit or otherwise affect your rights of redress

before regulatory agencies.

4.13 Ownership and Risk of Loss. You will own the Device and bear all risk of loss of, theft of, casualty to or damage to the Device, from the time it is shipped to you until the time (if any) when it is returned to us in accordance with this Agreement.

4.14 No 0+ or Operator Assisted Calling; May Not Support x11 Calling. The Service does not support 0+ or operator assisted calling (including, without limitation, collect calls, third party billing calls or calling card calls). The Service may not support 311, 511 and/or other x11 (other than certain specified dialing such as 911 and 411, which are provided for elsewhere in this Agreement) services in one or more (or all) service areas.

4.15 No Directory Listing. The phone numbers you obtain from us will not be listed in any telephone directories. Phone numbers transferred from your local phone company may, however, be listed. As a result, someone with your phone number may not be able to utilize a reverse directory to lookup your address.

4.16 Incompatibility With Other Services.

(a) **Home Security Systems.** The Service may not be compatible with home security systems. You may be required to maintain a telephone connection through your local exchange carrier in order to use any alarm monitoring functions for any security system installed in your home or business. You are responsible for contacting the alarm monitoring company to test the compatibility of any alarm monitoring or security system with the Service.

(b) **Certain Broadband and Cable Modem Services.** You acknowledge that the Service presently is not compatible with prior versions of the AOL broadband service and there may be other services with which the Service may be determined to be incompatible. You further acknowledge that some providers of broadband service may provide modems that prevent the transmission of communications using the Service. We do not warrant that the Services will be compatible with all broadband services and expressly disclaim any express or implied warranties regarding the compatibility of the Service with any particular broadband service.

5. CHARGES; PAYMENTS; TAXES; TERMINATION

5.1 Billing. When the service is activated, you must provide us with a valid email address and a credit or debit card number from a card issuer that we accept. We reserve the right to stop accepting credit or debit cards from one or more issuers. If your credit or debit card expires, you close your account, your billing address changes, or your credit or debit card is cancelled and replaced on account of loss or theft, you must advise us at once. We will bill all charges, applicable taxes and surcharges monthly in advance (except for usage-based charges, which will be billed monthly in arrears, and any other charges which we decide to bill in arrears) to your credit or debit card, including but not limited to:

5.3 Payment and Collection.

(a) Payment. We only accept payment by credit or debit card. Your subscription to the Service authorizes us to charge your credit or debit card. This authorization will remain valid until 30 days after we receive written notice from you terminating our authority to charge your credit or debit card, whereupon we will charge your credit or debit card for the termination fee, if applicable, and any other outstanding charges and terminate your Service. We may terminate your Service at any time in our sole and absolute discretion if any charge to your credit or debit card is declined or reversed, your credit or debit card expires and you have not provided us with a valid replacement credit or debit card or in case of any other non-payment of account charges.

(b) Collection. If your Service is terminated, you will remain fully liable to us for all charges pursuant to this Agreement and any and all costs we incur to collect such amounts, including, without limitation, collection costs and attorney's fees.

5.4 Termination; Discontinuance of Service. We reserve the right to suspend or discontinue the Service generally, or to terminate your Service, at any time in our sole and absolute discretion. If we discontinue the Service generally, or terminate your Service without a stated reason, you will only be responsible for charges accrued through the date of termination, including a pro-rated portion of the final month's charges. If your Service is terminated on account of your breach of any provision of this Agreement, you will be responsible for the full month's charges to the end of the current term, including, without limitation, unbilled charges, plus the termination fee, if applicable, all of which will immediately become due and payable.

5.5 Taxes. You are responsible for all applicable federal, state, provincial, municipal, local or other governmental sales, use, excise, value-added, personal property, public utility or other taxes, fees or charges now in force or enacted in the future, that arise from or as a result of your subscription or use or payment for the Service or a Device. Such amounts are in addition to payment for the Service or Devices and will be billed to your credit card as set forth in this Agreement. If you are exempt from payment of such taxes, you must provide us with an original certificate that satisfies applicable legal requirements attesting to tax-exempt status. Tax exemption will only apply from and after the date we receive such certificate.

5.6 Termination Fee (Does Not Apply to Business Plus Customers).

(a) You will be charged a termination fee of \$29.95 per voice line if your Service is terminated for any reason during the first twelve months following the activation of your Service.

(b) For USA and Canadian customers, a fee for the use of E911 will apply in addition to the monthly plan, (charged on a monthly basis).

5.7 Money Back Guarantee; Limitations and Conditions.

(a) Residential and Small Business Customers. We offer a 30-day money back guarantee from the date of activation of your Service (different periods apply for Retail Customers depending on the applicable offer details contained in the advertising or online content of the retail store or dealer that sold the Retail Customer the Equipment). The money back guarantee applies only to the first-ordered line per account, not to additional or secondary lines. We reserve the right to terminate or suspend your Services and remove your or your Users'

content from the Service, if we determine, in our sole and absolute discretion, that such use or content does not conform with the requirements set forth in this Agreement or interferes with our ability to provide Services to you or others. 7.2 Mandatory Arbitration and No Jury Trial. Any dispute or claim between you, any member of your household or any guest or employee of you and us arising out of or relating to the Service or Device will be resolved by arbitration before a single arbitrator administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules. The arbitration will take place in Miami, Florida. The arbitrator's decision will follow the plain meaning of the relevant documents, and will be final and binding. Without limiting the foregoing, the parties agree that no arbitrator has the authority to: (i) award relief in excess of what this Agreement provides; or (ii) award punitive or exemplary damages. Judgment on the award rendered by the arbitrators may be entered in any court having jurisdiction thereof. REGARDLESS OF ANY STATUTE OR LAW TO THE CONTRARY, ANY CLAIM OR CAUSE OF ACTION ARISING OUT OF OR RELATED TO THE SERVICE MUST BE FILED WITHIN ONE (1) YEAR AFTER SUCH CLAIM OR CAUSE OF ACTION AROSE OR BE FOREVER BARRED. All claims shall be arbitrated individually. You shall not bring, or join any class action of any kind in court or in arbitration or seek to consolidate or bring previously consolidated claims in arbitration.
