Service furnished by Carrier is not part of a joint undertaking with any other such carriers. Any special interface equipment of Carrier and other participating carriers shall be provided at the customer's expense.

Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of the other carriers' tariffs. 3.4 Terminal Equipment

Carrier's service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinters, handsets, or data sets. Such terminal equipment will be furnished and maintained at the expense of the providing customer, except as otherwise agreed in advance and in writing. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria of the telecommunications industry.

2.7.3 Deposits

The Company may require a customer who has a proven history of late payment or whose financial ability is not a matter of record to make a deposit to be held as guarantee for payment of charges. Deposits shall not exceed two times the estimated or actual average monthly usage charges. Deposits will be handled in compliance with MTSS Rule 13.2.A.

Deposits will be returned to the customer when service is terminated or when satisfactory credit has been established. Satisfactory credit is defined in OAC 4901:1-17-06B as being established after the customer has paid his bills for service for twelve consecutive months without having had service discontinued for nonpayment of his bill, and without having had more than two occasions which his bill was not paid by the time specified by the regulations of the utility regarding prompt payment of bills, and the customer is not then delinquent in the payment of his bill, then the utility shall promptly refund the deposit plus interest accrued to date after the customer has neither had service discontinued for nonpayment of his bill nor had more than two such past due bills during the twelve consecutive months prior to any review, and the customer is not then delinquent in the payment of his bills. The deposit will be returned when service is terminated or when the customer meets the requirements of 4901:1-17-06, whichever comes first.

In addition to the establishment of credit through a deposit, the customer will be afforded the opportunity to establish creditworthiness through every means available for doing so provided in OAC 4901:1-5 and 4901:1-17.

Dear Customer:

Effective August 15, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunications services that you are provided by Southwest Communications LLC will no longer be on file at the Public Utilities Commission of Ohio (PUCO). This change is applicable to One Plus Services Only.

This modification does not result in a change in the prices, terms or conditions of those services to which you currently subscribe. Southwest Communications, LLC must still provide a customer notice of at least fifteen (15) days in advance of rate increases, changes in terms and conditions, and discontinuance of existing services. Additionally, this information is available by contacting us at 1-800-383-5533.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file with the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Southwest Communications, LLC at 1-800-383-5533.
