Re: PUCO Case No. 09-258-PL-ATA and 89-8041-PL-TRF

Dear Ms. Jenkins:

Pursuant to the Entry in Case No. 09-258-PL-ATA on April 15, 2009, Cobra Pipeline Company, LTD is filing complete copies of the tariff sheets approved therein as follows:

First Revised Sheet No. 7 through First Revised Sheet No. 16

Original Sheet No. 17

Please file one copy in each of the dockets listed above and designate the remaining two copies for distribution to the Commission Staff.

Very truly yours,

A handwritten signature of Andrew J. Sonderman in black ink.

Andrew J. Sonderman

Counsel for Cobra Pipeline Co., LTD

Technician TM **Date Processed** 4/16/2009

**RULES AND REGULATIONS GOVERNING THE TRANSPORTATION OF NATURAL GAS IN
THE STATE OF OHIO**

Commodity Charge (paid only on
quantity transported): \$.50 per Dth

OPTIONAL ELECTRONIC MEASUREMENT SERVICE

For each Delivery Point electronically measured: \$125 per month

Customers who elect this service must provide and pay for a dedicated telephone line and the necessary power to operate such electronic measurement and telemetering equipment. The meter, electronic measurement device and associated telemetering equipment shall be and remain the property of the Company. The Company will install and maintain the electronic measurement and telemetering equipment.

Customers who elect this optional service shall agree to continue it for a minimum period of thirty-six (36) months or until the Delivery Point is no longer in use for transportation service from Company, whichever first occurs.

8. Processing and Compression

(paid on quantity received at
Receipt Point) Charge \$0.25 per Dth

Processing and compression charge shall only apply when gas received by Company at the Receipt Point has a heat content in excess 1,130 Btu per cubic foot and is processed through a processing plant on Company's system.

The Company, at its sole discretion, may offer services at rates that are downwardly flexible from the maximum rates in Sections 7 and 8. The rate may be flexed between the upper bound of the basic rate and a lower bound that recovers all variable costs of service and provides a contribution to the Company's fixed costs of providing service. Such reduced rates may be determined based on competitive services available to the customer, the quality (firm or interruptible) of service and the Company's need to achieve load preservation or the economic recovery of costs of the Company.

9. Imbalances

The following shall apply unless otherwise agreed to by the Parties and approved by the Commission:

Customer shall be entitled to take, at the Delivery Point(s) on a daily basis the tendered quantity at the Receipt Point(s) minus the Shrinkage. The Service Agreement shall set out the time period in which the volumes tendered minus the Shrinkage will be balanced against the volumes taken at

Filed pursuant to PUCO Entry dated April 15, 2009 in Case No. 09-258-PL-ATA

RULES AND REGULATIONS GOVERNING THE TRANSPORTATION OF NATURAL GAS IN THE STATE OF OHIO

the Delivery Point(s). When the amount of natural gas tendered at the Receipt Point(s) minus the Shrinkage exceeds the amount redelivered to the Delivery Point(s) for the period of time listed in the Service Agreement for balancing, then the Company may either carryover the surplus for subsequent redelivery at a specified time, or –cash-out the imbalance by paying the Customer the Cash-out Price for each Dth minus a percentage penalty as determined from the chart below for the surplus amount. If the amount of natural gas tendered to the Receipt Point(s) minus the Shrinkage for the period of time listed in the Service Agreement for balancing is less than the amount of natural gas taken by the Customer at the Delivery Point(s), then the Customer shall be cashed out by paying the Company the Cash-out Price for each Dth plus a percentage penalty as determined from the chart below for the amount the Customer has overtaken.

<u>Percentage Imbalance Level</u>	<u>Penalty</u>
0-10%	No penalty for cash-outs
10-20%	Ten Percent (10%) penalty fee on all Dth cashed-out
>20%	Twenty Percent (20%) penalty fee on all Dth cashed-out

10 Title to Gas

Any Customer taking natural gas transportation service pursuant to this schedule warrants that it has title to the gas delivered to Company free and clear of all claims, liens and encumbrances, and covenants and agrees to indemnify and hold harmless Company from all suits, actions, debts, accounts, damages, costs, losses, liens, judgments, orders, attorneys fees, expenses and liabilities arising from or attributable to the adverse claims of any and all other persons or parties to such gas.

The Customer and the Company each assume full responsibility and liability for the maintenance and operation of its respective properties and shall indemnify and save harmless the other party from all liability and expense on account of any and all damage, claims or actions, including injury to and death of persons, arising from any act or accident in connection with the installation, presence, maintenance and operation of the property and equipment of the indemnifying party; provided however, that neither party agrees to indemnify the other party for the negligence of the other party, its agents, servants or employees.

11. Operational Flow Orders

In the event any one of the following occur: 1) any Upstream Interstate Pipeline supplying the Company declares a Force Majeure event or an operational flow order; 2) the Commission or the Governor declare an energy emergency; or 3) if weather and usage conditions create a situation in which the Company reasonably believes that it cannot accommodate an imbalance from the

Filed pursuant to PUCO Entry dated April 15, 2009 in Case No. 09-258-PL-ATA

ISSUED: April 16, 2009

EFFECTIVE: April 16, 2009

Issued By
COBRA PIPELINE CO., LTD
Stephen G. Rigo, Vice President

**RULES AND REGULATIONS GOVERNING THE TRANSPORTATION OF NATURAL GAS IN
THE STATE OF OHIO**

Customer, the Company may issue an Operational Flow Order. During an Operational Flow Order the Customer may only tender and receive those volumes which the Company believes the Customer can actually both tender to the Receipt Point(s) and receive at the Delivery Point(s) on a daily basis. The Company will use its best efforts to avoid an Operational Flow Order if reasonably possible, and maintain the Operational Flow Order for as limited a period of time as is reasonably possible.

12. Measurement and Quality

Billings for all receipts and deliveries hereunder shall be made on a thermal basis in Dth. In converting thermal units to Mcf, Company shall have the right to rely upon the heat content calculation employed by the interstate pipeline, if any, tendering volumes on Customer's behalf at the Receipt Point(s), or in the event Customer is injecting natural gas directly into Company's system at a Receipt Point interconnecting with a local production well or a gathering system, then the heat content calculation shall be based on testing of samples of gas taken at the receipt point not less frequently than annually. Customer shall be responsible to pay the cost of such testing.

The gas made available to Company by Customer for redelivery shall be of quality equal to or better than the quality specifications of the upstream pipeline interconnect with the Receipt Point(s). The Gas delivered by the Company to the Customer at the Delivery Point(s) shall be odorized with mercaptan, shall be of interstate pipeline quality and shall, at a minimum, be commercially free from oil, water, air, salt, dust, gum, gum-forming constituents, harmful or noxious vapors, or other solid or liquid matter which might interfere with its merchantability or cause injury to or interference with proper operation of the lines, regulators, meters and other equipment at the Delivery Points or downstream of the Delivery Points.

The Gas shall not contain in excess of:

- a. Seven (7) pounds of water per million cubic feet of gas;
- b. Four percent (4%) by volume of a combined total to carbon dioxide and nitrogen components; provided, however, that the total carbon dioxide content shall not exceed one and twenty-five one hundredths percent (1.25%) by volume;
- c. Twenty five hundredths (0.25) grains of hydrogen sulfide per one hundred (100) feet of gas; and
- d. Ten (10) grains of total sulfur per one hundred (100) cubic feet of gas.

The gas delivered shall have a total heating value of not less than 1,000 BTU per standard cubic foot, and shall have a utilization factor of one thousand, three hundred (1,300) plus or minus six percent (6%). The utilization factor shall be calculated by dividing the BTU of the gas adjusted for moisture, divided by the square root of the specific gravity.

**RULES AND REGULATIONS GOVERNING THE TRANSPORTATION OF NATURAL GAS IN
THE STATE OF OHIO**

13. Billing and Payment.

On or before the tenth (10th) day of each calendar month, the Company shall render to the Customer a statement setting forth the total quantity of Gas nominated by the Customer and confirmed by the Company pursuant to this Tariff during the immediately preceding Month, the billing rate and the amount due. Billing statements shall be deemed as rendered when such statements are deposited by the Company with the U.S. Mail for first-class delivery, as evidenced by the postmark date, deposited by the Company with an overnight courier service for delivery to the Customer, sent via facsimile machine to the Customer or hand-delivered to the Customer's office.

Both the Customer and the Company have the right to examine, at reasonable times agreed to by both parties, any books, charts, records or other pertinent information of the other to the extent necessary to verify the accuracy of any charge, computation, and statement made pursuant to any of the provisions within this Tariff.

If it shall be found that at any time or times the Customer has been overcharged or undercharged in any form whatsoever under this Section and the Customer has actually paid the bills containing such overcharge or undercharge, the Company shall refund the amount of any such overcharge or the Customer shall pay the amount of any such undercharge within thirty (30) days after final determination of such amounts. In the event an error is discovered in the amount billed in any statement rendered by the Company, such error shall be adjusted within thirty (30) days from the date of discovery of such error but in any event within six (6) months from the date of such statement with a three (3) month rebuttal period.

The Customer shall make payment to the Company for services purchased during the preceding month and billed pursuant to the provisions of this Tariff on or before the twenty-fifth (25th) day of the month, unless otherwise agreed to by the parties. Payment shall be made by wire transfer of Federal Funds at such bank account designated by the Company, except when such day of the month is a Saturday, Sunday or federal bank holiday, in which case payment is due on the following Business Day. All such payments shall be considered to have been made on the date when the Company has use of such funds.

If the rendering of the bill is delayed after the tenth (10th) day of the month following the month of actual delivery, then the time of payment shall be extended by the same number of days as the delay. If the Customer is responsible for the delay, the provisions of the previous paragraph remain as applicable.

If the Customer, in good faith, disputes the amount of any such invoice or any part thereof, the Customer will pay such amount as it concedes to be correct: provided, however, if the Customer disputes the amount due, it must provide supporting documentation acceptable in industry practice to support the amount paid or disputed. In the event the parties are unable to resolve

Filed pursuant to PUCO Entry dated April 15, 2009 In Case No. 09-258-PL-ATA

**RULES AND REGULATIONS GOVERNING THE TRANSPORTATION OF NATURAL GAS IN
THE STATE OF OHIO**

such dispute, either party may pursue any remedy available at law or in equity to enforce its rights pursuant to this Section.

If the Customer fails to remit the full amount when due, the amount not paid by the due date shall be increased by 1.5 percent (1.5%) of the amount not timely paid each month.

The Company reserves the right to review the Customer's credit worthiness at any time. Upon request, but not more than twice in any 12-month period, the Customer must provide current financial credit information. If the Customer's current financial or credit status will not support the level of service contracted for, the Company may request that the Customer post the appropriate amount of collateral. Collateral may be in the form of a prepayment, cash deposit, letter of credit, creditworthy parent guarantee or other security acceptable to the Company.

14. Service to Grandfathered Transport Customers

The Company shall negotiate new agreements to continue service, at least through the end of the term of a current customer contract, with each firm transportation customer using the Cobra System as of the date of this filing. The Company shall acquire any regulatory authorizations necessary to provide service to firm transportation customers and the Company shall provide service upon such terms and conditions as may be ordered by the regulatory body having jurisdiction. Provision of service to such Customers, with the purpose of avoiding a disruption of service, shall be deemed to be provided under Section 4905.31, Revised Code.

15. General Terms and Conditions

- A. Services provided under this schedule are subject to all Federal, State of Ohio and local laws and to the orders, rules and regulations of any federal, State or local agencies having jurisdiction thereof.
- B. The Company, at its sole election, may terminate service under this schedule in the event Customer failed to cause its gas supply made available to Company at the Receipt Point(s) to match the gas supply consumed at the Delivery Point(s). The imbalance charges specified herein shall not be construed as Company's exclusive remedy in the event that Customer fails to fulfill its balancing obligations. In addition, nothing herein shall preclude Company from waiving an imbalance rate or charge provided Customer has undertaken reasonable efforts to eliminate the imbalance condition, the frequency and magnitude of the imbalance condition does not, in the Company's judgment, indicate Customer is utilizing the imbalance to obtain an economic advantage related to the cost of natural gas or transportation and related services or the imbalance condition does not disadvantage other customers or Company

If the Company believes that the Customer may be creating imbalances on the Company's system in order to obtain an economic advantage, it will notify the Customer and any involved marketer in writing of such belief and the Customer will have the

THE STATE OF OHIO**

opportunity to respond. If, within the sixty (60) day period following such notice, the Company concludes that the Customer has engaged in such imbalance activity, the Company may terminate Gas Transportation Service by giving the Customer and any involved marketer ten (10) days' notice prior to the end of the calendar month.

- C. With reasonable prior notice, Customer shall have the right to review the records of the Receipt Point(s) meter(s) and/or Delivery Point(s) meter(s), during normal business hours. Either Customer or Company may, at its election, have any or all of the Receipt Point(s) meter(s) and/or Delivery Point(s) meter(s) tested for accuracy and adjusted in accordance with good industry practice. If the meters test within 2% or better of accurate measurement, then the cost of the test shall be paid by Party requesting the test. If the meters are found to be inaccurate by more than 2%, the Party owning the meter shall pay for the test. No adjustment based upon meter inaccuracies shall be made for delivery charges or natural gas imbalances unless a meter tests inaccurate by more than 5%. Any such billing correction shall only be to the 2% error level for a period of time no longer than to the last meter testing or six months, whichever is less.
- D. No waiver by the Company or the Customer of one or more defaults by the other of the provisions of service under this schedule shall be construed as a waiver of any other or further default or defaults, whether of a like or a different character.
- E. The Company is also subject to the Commission's current Gas Transportation Guidelines which are incorporated by reference and attached as Appendix B to this tariff.
- F. Except with regards to a Customer's obligation to make payment, neither Customer nor Company shall be liable to the other for failure to perform a Firm obligation to the extent such failure was caused by Force Majeure. The term "Force Majeure" as employed herein means any cause not reasonably within the control of the party claiming suspension of the obligation.

Force Majeure shall include, but shall not be limited to, the following: (i) physical events such as acts of God, landslides, lightning, earthquakes, fires, storms or storm warnings, such as hurricanes, which result in evacuation of the affected area, floods, washouts, or explosions; (ii) breakage or accident or necessity of repairs or routine maintenance to machinery or equipment or lines of pipe; (iii) weather related events affecting an entire geographic region, such as low temperatures which cause freezing or failure of wells or lines of pipe; (iv) interruption of firm transportation and/or storage by upstream interstate pipeline(s); (v) acts of others such as strikes, lockouts or other industrial disturbances, riots, sabotage, insurrections or wars; and (vi) governmental actions such as necessity for compliance with any court order, law, statute, ordinance, or regulation promulgated by a governmental authority having jurisdiction. Customer and Company shall make reasonable efforts to avoid the adverse impacts of a Force Majeure event and to promptly resolve any such event once it has occurred in order to resume performance.

Filed pursuant to PUCO Entry dated April 15, 2009 in Case No. 09-258-PL-ATA

ISSUED: April 16, 2009

EFFECTIVE: April 16, 2009

**Issued By
COBRA PIPELINE CO., LTD
Stephen G. Rigo, Vice President**

**RULES AND REGULATIONS GOVERNING THE TRANSPORTATION OF NATURAL GAS IN
THE STATE OF OHIO**

Neither Customer nor Company shall be entitled to the benefit of the provision of Force Majeure to the extent performance is affected by any or all of the following circumstances: (i) the curtailment of interruptible or secondary firm transportation unless primary, in-path, firm transportation is also curtailed; (ii) the party claiming Force Majeure failed to remedy the condition and to resume the performance of such covenants or obligations with reasonable dispatch; or (iii) economic hardship. The Customer or Company claiming Force Majeure shall not relieve either party from meeting all payment obligations.

Notwithstanding anything to the contrary herein, the parties agree that the settlement of strikes, lockouts or other industrial disturbances shall be entirely within the sole discretion of the party experiencing such disturbances.

A party claiming Force Majeure must provide prompt notice to the other party. Initial notice may be given orally; however, written notification with reasonably full particulars of the event or occurrence claimed to constitute Force Majeure is required as soon as reasonably possible. Upon providing written notification of Force Majeure to the other party, the affected party will be relieved of its obligation to make or accept delivery of Gas, as applicable, to the extent and for the duration of the Force Majeure event, and neither party shall be deemed to have failed in such obligation to the other during such occurrences or event.

APPENDIX A

TRANSPORTATION SERVICE AGREEMENT No. _____

THIS AGREEMENT, made and entered into as of the ____ day of _____, 20____,
by and between COBRA PIPELINE CO., LTD. ("Company") and _____,
("Customer").

WITNESSETH: That in consideration of the mutual covenants herein contained, the parties
hereto agree as follows:

Section 1. Transportation Service to be Rendered. In accordance with the provisions of the
effective applicable transportation service provisions of Company's Tariff, on file with the Public Utilities
Commission of Ohio (PUCO), and the terms and conditions herein contained, Company shall receive the
quantities of gas requested by Customer to be transported and shall redeliver said gas to Customer's
Delivery Point(s). The Point(s) of Receipt, Customer's Delivery Point(s), the Maximum Daily Quantity
(MDQ) if applicable and the quality of service shall be set forth in Section 7 of this Transportation Service
Agreement.

Section 2. Incorporation of Tariff Provisions. This Transportation Service Agreement shall be
subject to the provisions of the Company's Tariff PUCO No. 1, as the same may be amended or
superseded from time to time, which is incorporated herein by this reference.

Section 3. Regulation. This Transportation Service Agreement is contingent upon the receipt and
continuation of all necessary regulatory approvals and authorizations. This Agreement shall become void
or expire, as appropriate, if any necessary regulatory approval or authorization is not so received or
continued.

Section 4. Term. This Transportation Service Agreement shall become effective as of the first
day of Customer's next billing cycle following its execution and shall continue through the last day of
Customer's March, 20____ billing cycle, provided however, that the Agreement shall continue in effect after
that date on a year-to-year basis with each term ending on the last day of Customer's March billing cycle,
unless terminated in accordance with this section.

Company may terminate this Transportation Service Agreement effective as of the end of
Customer's applicable March billing cycle consistent with the above terms, upon written notice to

Customer on or before the preceding January 2.

Customer may terminate this Agreement, effective as of the end of the applicable March billing cycle consistent with the above terms, or request a change in the level or quality of service, upon written notice to Company on or before the preceding January 2. Company will approve or deny any request by Customer to change the level or quality of service, to be effective as of the beginning of its April billing cycle, on or before the preceding January 2, or as soon thereafter as practicable.

Section 5. Notices. Any notices, except those relating to billing or interruption of service, required or permitted to be given hereunder shall be effective only if delivered personally to an officer or authorized representative of the party being notified, or if mailed by certified mail to the address provided in Section 7 of this Agreement.

Section 6. Cancellation of Prior Agreements. This agreement supersedes and cancels, as of the effective date herein, any previous service agreements between the parties hereto.
