Case No. 09-289-TP-ATA

While perusing your original tariff dated 2/13/2009 in regards to the detariffing order I encountered two items that should be addressed in this case as follows:

1. Original Page 19, paragraph 2.18, dated February 13, 2006:
The return check charge has to be reasonable and similar to other companies. As such, the 5% of the amount due should be deleted.
2. Original Page 56, paragraph 4.1.2, dated February 13, 2006:
All these options should be detariffed other than Call Waiting and Caller ID. They are Tier 2 services.
