III. Description of the Proposed Equity Sale

GS Direct, L.L.C. (the "Seller") and GTEL Holding LLC (the "Parent") have entered into separate Purchase Agreements dated as of April 28, 2009 (the "Purchase Agreements") with four entities (collectively, the "Investors"). Pursuant to the terms of each Purchase Agreement, the Seller will sell to such Investor, and such Investor will purchase from the Seller, upon the terms and conditions specified therein, a portion of the outstanding equity interest in the Parent held by the Seller (each, a "Transfer"). Each Purchase Agreement contemplates that the closing of the Transfer contemplated thereby shall occur on or before October 22, 2009. The Transfers may occur simultaneously or on separate dates. Also, it is possible that one or more of the Transfers may not be consummated. The aggregate amount of equity in Parent being sold is less than 20%. Each Investor is purchasing less than 10% of the equity of Parent.

Public Utilities Commission of Ohio Attention: Docketing Division Page 6 April 29, 2009

IV. Public Interest Analysis

The proposed Equity Sale is in the public interest because it will enhance Global Tel*Link Corporation's ability to compete in the market for telecommunications services. The proposed Equity Sale will strengthen Global as a competitor by providing access to financial resources necessary for Global to expand its customer base and develop new products and services to meet the evolving communications needs of authorities in Ohio that operate correctional institutions and other confinement facilities.

The proposed Equity Sale will have no adverse effect upon customers. The proposed Equity Sale will not result in any changes to Global Tel*Link Corporation's provision of service to its current customers. Global's corporate officers and management team responsible for its day-to-day operations will remain the same after the proposed Equity Sale. In addition, the contact points for customers and Commission inquiries will remain the same after the proposed Equity Sale. Nor does the proposed Equity Sale raise any competitive concerns. The Investors hold no investments in the type of telecommunications authorizations held by or services offered by Global, and thus the proposed Equity Sale will not result in any consolidation in the market for telecommunications services to the corrections industry. The only impact of the proposed Equity Sale is financial in that Global will obtain access to resources necessary to become an even more effective competitor.
