THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Application of E Source)
Companies LLC for Certification as a) Case No. 09-19-EL-AGG
Competitive Retail Electric Service Supplier in)
Ohio.)

In the Matter of the Application of E Source)
Companies LLC for Certification as a) Case No. 09-20-GA-AGG
Competitive Retail Natural Gas Supplier in)
Ohio.)

ENTRY

The Commission finds:

- (1) EnergyWindow, Inc., (Energy Window) is a certified electric aggregator in Ohio, holding Certificate Number 04-115(3), effective through May 1, 2010. Energy Window is also a certified natural gas aggregator in Ohio, holding Certificate Number 05-098(2).
- (2) On January 9, 2009, E Source Companies LLC (E Source) filed an application to transfer the certificates held by Energy Window to E Source.
- (3) Pursuant to the terms of Section 4928.08(B), Revised Code, and Rules 4901:1-24-11(A) and 4901:1-27-11(A), Ohio Administrative Code, the holder of a certificate may transfer its certificate with prior approval from the Commission. The rules also provide that an application to transfer is subject to a 30-day automatic approval process but that, upon good cause shown, the Commission or an attorney examiner may suspend consideration of a certification transfer. On February 6, 2009, the applications in both of the above-captioned proceedings were suspended by attorney examiner entry.
- (4) The Commission notes that the applicable administrative rules require Commission approval prior to the transfer of a certificate. In this situation, according to the application letter, it is unclear whether Energy Window attempted to transfer its certificates prior to the receipt of approval. E Source does state in its letter that its purchase of substantially all of the assets of Energy Window occurred on July 30, 2008.

- (5) The Commission finds that it is reasonable to approve the transfer application filed in these cases. However, E Source is cautioned that transfer approval should have been obtained in advance.

It is, therefore,

ORDERED, That the application by E Source to transfer the certificates held by Energy Window be approved. It is, further,

ORDERED, That the Commission's docketing division transfer Certificate No. 04-115(3) and Certificate No. 05-098(2) to E Source. It is, further,

ORDERED, That the Commission's docketing division place a copy of this entry in Case Nos. 04-355-EL-AGG and 05-365-GA-AGG. It is, further,

ORDERED, That a copy of this entry be served upon all parties of record in these proceedings.
