Re: United Telephone Company of Ohio d/b/a Embarq
Case No. 90-5041-TP-TRF

Dear Ms. Jenkins:

Enclosed for filing are revisions to United Telephone Company of Ohio d/b/a Embarq P.U.C.O. No. 5 General Exchange Tariff. This filing should be processed as a zero day filing, to become effective July 1, 2009. The following tariff sheets are enclosed:

Section 31 Second Revised Sheet 5
 Second Revised Sheet 6
 Second Revised Sheet 7
 Second Revised Sheet 8

This filing grandfathers Selective Call Screening Service and Toll Restriction for residence customers. Toll Restriction was not previously available with payphone lines. Selective Call Screening Service will remain available with Pay Telephone Access Line Service.

These services are being grandfathered because of minimal customer demand. Customers are alternatively subscribing to the Toll and Casual Dialing Restriction options. Lifeline customers are not impacted by this change as prospective Lifeline customers may subscribe to a Toll and Casual Dialing Restriction option at no charge.

If you have any questions regarding this filing, please call Gary Baki at 614-220-8629.

Sincerely,

/s/ Glenda L. Munson

V. SELECTIVE CALL SCREENING SERVICE (ORIGINATING LINE SCREENING)

Selective Call Screening service or Originating Line Screening (OLS) is a two-digit code passed by the Telephone Company's local central office switch with the Automatic Number Identification (ANI) at the beginning of a call that provides information about the line originating the call. The information provided in the two-digit code is designed to inform the exchange or interexchange and/or the operator service provider about certain service classes or special characteristics of the billing number associated with the line originating the call. Under this arrangement, operators accept only those originating toll calls that are made collect, billed to a third number, or billed to a calling card.

- A. Selective Call Screening is offered subject to the availability of suitable facilities and equipment.
- B. The minimum contract period for Selective Call Screening is one month.
- C. Customers subscribing to Selective Call Screening are responsible for all toll charges billed to their lines, which are not carried solely over the Telephone Company's facilities.
- D. This service is offered to individual **residence lines and** payphone lines. (C)
- E. If a call originates with the Company but is not carried solely over the Company's facilities, the Company will send, with the ANI, the two-digit code that identifies the call as being selectively screened. The Company assumes no liability for calls completed by any other entity or carrier, as long as the two-digit code accompanies the ANI forwarded to the other carrier. The Company is responsible for properly handling calls which are selectively screened and are not carried over any other carrier's network or facilities.
