RE: Engineering Drawings
Woodsdale Generating Station Amendment
Case No. 88-1447-EL-BGN
ICU # 0127

Dear Mr. Chaney:

The staff has reviewed the engineering drawings submitted on April 30, 1991, in the above-referenced case. It appears that the project represented on the drawings is consistent with the description of the project certificated in this case. Consequently, you may proceed with construction of the facility.

Sincerely,

A handwritten signature in cursive script, appearing to read "James L. Kennedy".
