1.1 Undertaking of the Company

- A The Company undertakes to provide the services in this tariff on the terms and conditions and at the rates and charges set forth herein. The services in this tariff are provided on a resale basis. AT&T Ohio and Verizon are the underlying incumbent local exchange carriers.
- B The Company is responsible under this tariff only for the services provided herein, and it assumes no responsibility for any service provided by any other entity, not including agents of the Company. Customers may use services provided under this tariff to obtain access to services offered by other service providers. However, this does not permit the Company to offer any services it purchased from AT&T Ohio on a resale basis for resale to other carriers.
- C The Company will provide a toll-free number giving Customers access to service personnel 24 hours per day, 7 days per week.
- D The Company will comply with any applicable quality of service requirements according to Ohio laws and rules.

1.2 Terms and Conditions

- A Business Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. The Business Customer will be required to execute any other documents as may be reasonably requested by the Company.

1. Competitive Local Exchange Service Regulations (cont'd)

1.2 Terms and Conditions (cont'd)

- B Business Service is provided for a minimum period of at least one month, 24 hours a day. A month is considered to have thirty days unless otherwise specified. At the expiration of the initial terms specified in each service order, or in any extension thereof, service shall continue on a month to month basis at the then current tarified, month to month rates, unless terminated by the Business Customer. Any termination shall not relieve the Business Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.
- C This tariff shall be interpreted and governed by the laws of the State of Ohio without regard for the State's choice of laws provisions.
- D Another telephone company must not interfere with the right of any person or entity to obtain service directly from the Company.
- E The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- F The Customer has no property right to the telephone number or any other call number designation associated with services furnished by the Company. The Company reserves the right to change such numbers, or the central office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business. Nothing in this provision shall be construed to be inconsistent with number portability requirements.

1. Competitive Local Exchange Service Regulations (cont'd)

- A The Company will provide the Customer reasonable notification of service-affecting activities that may occur in the normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventive maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service-affecting activities. The Company will work cooperatively with the Customer to determine reasonable notification requirements. With some emergency or unplanned service affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

B All service, monthly recurring charges and non-recurring charges are due and payable within 14 days of the post mark on the bill, provided however, that installation charges may be spread out over 3 months.

C The Company shall present bills for recurring charges monthly to the Customer, in advance of the month which service is provided.

1. Competitive Local Exchange Service Regulations (cont'd)

1.8 Payment Arrangements (cont'd)

1.8.1 Bills and Collection of Charges (cont'd)

D For new customers or existing customers whose service is disconnected, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

E A late payment charge of 1.5% is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late charges are to be applied without discrimination.

F A fee of \$25.00 will be charged whenever a check or draft presented for payment for service is not accepted by the institution on which it is written. The Company may waive the returned check charge under appropriate circumstances.

G If Customer chooses to place information services provider (ISP) calls or receives calls via a non-Dynalink Communications, Inc. affiliated carrier, customer will be liable for all charges related to such calls; including without limitation, charges billed to the Company or Customer by ISP or other carriers, any applicable rebilling charge and charges for any service provided by the Company or its affiliates.

1.8 Payment Arrangements (cont'd)

1.8.2 Disputed Bills

A The Customer shall notify the Company of any disputed items on a bill within a reasonable period of time after receipt of the bill. The existence of a disputed amount does not relieve the customer of their obligation to pay current charges. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Commission in accordance with the Commission's rules of procedure.

B The date of the dispute shall be the date the Company receives sufficient documentation to enable it to investigate the dispute.

C The date of the resolution is the date the Company completes its investigation and notifies the Customer of the disposition of the dispute.

B. Measured Rate

1. Measured Rate Services

The local usage charges are based upon four measured elements, i.e., the total number of outgoing local messages, the distance and the duration of each local message and the time of day each local message is originated, subject to the following:

a. Distance

The charges for local messages vary based on the airline distance (i.e., rate mileage) between the rate centers of the central offices serving the calling and called stations.

b. Duration

(1) A charge applies for the initial minute, or fraction thereof, and for each additional minute, or fraction thereof.

(2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.

(3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by the automatic timing equipment in the telephone network.

(4) Chargeable time does not include time lost because of faults or defects in the service.
