FINDING AND ORDER

The Commission finds:

- (1) The Applicants, The Cleveland Electric Illuminating Company and Toledo Edison Company, are public utilities as defined in Section 4905.02, Revised Code, and, as such, are subject to the jurisdiction of this Commission.
- (2) On January 15, 1999, the Applicants petitioned this Commission for authority to amend their General Rules and Regulations. The Applicants are requesting approval to amend language to cease offering 240 and 480 volt service. As an alternative the Applicants will offer the 208/120-wye and 480/277 wye service.
- (3) The Applicants state that the proposed modifications will allow the companies to improve safety, extend equipment service life, and reduce costs.
- (4) After a thorough review of the applications, the staff agrees with the proposals and, therefore, has recommended its approval to the Commission.
- (5) The applications have been filed pursuant to Section 4909.18, Revised Code, and the Commission finds, as the Applicants allege, that they are not for increases in any rate, joint rate, toll, classification, charge, or rental and do not appear to be unjust or unreasonable and should be approved. Therefore, the Commission finds that it is unnecessary to hold a hearing in this matter.

It is, therefore,

ORDERED, That the modifications proposed by the Applicants be approved pursuant to their provisions. It is further,

ORDERED, That the Applicants are authorized to file in final form, four complete printed copies of the tariffs consistent with the findings of this Finding and Order, and to cancel and withdraw its superseded tariffs. One copy shall be filed in this case docket, one copy shall be filed with the Applicant's TRF docket, and the remaining two copies shall be designated for distribution to the Commission Staff. It is, further,

ORDERED, That the effective date of the new tariffs shall be a date not earlier than both the date of this Finding and Order and the date upon which the copies of the final tariffs are filed with this Commission. The new tariffs shall be effective for services rendered on or after the effective date. It is, further,

ORDERED, That the Applicants shall commence notification of all customers affected by the tariff change pursuant to Rule 4905:1-1-03, O.A.C., within 90 days of the effective date of the proposed tariff. It is, further,

ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any subsequent investigation or proceeding involving the justness or reasonableness of any rate, charge, rule or regulation. It is, further,

ORDERED, That these cases be closed of record. It is, further,

ORDERED, That a copy of this Finding and Order be served upon the Applicants.
