ENTRY

The Commission finds:

- (1) The Ohio Bell Telephone Company, now known as Ameritech Ohio (Ameritech), offers the universal service assistance (USA) program as part of the terms and conditions under which it has been regulated through alternative regulation since 1995. In December 1998, as modified on February 17, 1999, the Commission issued an opinion and order in the alternative regulation docket of Ameritech. The Commission concluded that Ameritech had not materially complied with the terms of its alternative regulation plan with respect to the establishment of the USA program. Also, the Commission provided Ameritech a period of six months in which to come into compliance and determined what means were necessary for Ameritech to come into compliance. Thereafter, Ameritech modified its activities in offering the USA program in order to conform with the Commission's requirements.
- (2) On April 8, 1999, the Commission issued an opinion and order approving the proposed merger and accompanying stipulation and recommendation filed by SBC Communications Inc., SBC Delaware Inc., Ameritech Corporation, and Ameritech Ohio (jointly referred to as SBC/Ameritech). Among the terms of the stipulation was an agreement by SBC/Ameritech to extend the offering of the USA program until at least January 9, 2002 (Stipulation at 17).

- (3) In October 1999, the Federal Communications Commission (FCC) also approved the SBC/Ameritech merger under certain conditions. *In re Applications of Ameritech Corp., Transferor, and SBC Communications Inc., Transferee*, CC Docket No. 98-141, Memorandum Opinion and Order (October 8, 1999). Among the approval conditions was a requirement that SBC/Ameritech offer throughout all of the SBC/Ameritech region a low-income, lifeline, universal service plan modeled after Ohio's USA program (as negotiated in the alternative regulation stipulation, as revised to comply with the 1996 Telecommunication Act, and as revised to incorporate this Commission's December 1998/February 1999 adjustments).

Under the FCC condition, SBC/Ameritech will offer to permit a customer with past-due bills for local service to restore local service after payment of no more than \$25 and an agreement to repay the balance of local charges in six equal monthly payments. Those customers will also not be required to pay a deposit for local service if they elect toll blocks. SBC/Ameritech will allow prospective customers to verify their eligibility on a written form and will give those forms to state agencies that administer qualifying programs so that the agencies can distribute the forms to their clients. SBC/Ameritech also will negotiate with state agencies administering qualifying programs to procure an on-line verification process. SBC/Ameritech will provide both a toll-free telephone number for prospective customers to inquire about or subscribe to the program and a toll-free fax line for customers to send program documentation. New customers will not be required to pay a deposit to obtain local service. SBC/Ameritech will publicize the program in each state with an annual promotional budget that is proportional to the annual promotional budget in Ohio. Additionally, SBC/Ameritech will include information on the customer service center voice response units, where practical and appropriate, and upgrade current customers onto the program where it is evident that doing so will unambiguously improve the customer's situation. For each state that accepts SBC/Ameritech's offer, the company will maintain the plan for a period of not less than 36 months.

- (4) On November 5, 1999, Ameritech filed a letter with this Commission. In the letter, Ameritech offered to extend Ohio's USA program (also known as USA Plan 1), in accordance with the FCC merger approval condition, such that USA Plan 1 would be available until January 6, 2003. This extension of offer would allow the USA Plan 1 to be available for nearly one more year.
- (5) On December 2, 1999, the Ohio Consumers' Counsel (OCC) filed a letter with the Commission supporting the extension of USA Plan 1. OCC noted that its recommendation is given with the understanding that the Commission will continue its oversight of the program.
- (6) The Commission believes that the USA program (including USA Plan 1) has been and will be a benefit to consumers residing in Ameritech's service territory. We also believe that extending the USA Plan 1 until January 6, 2003 is worthwhile. Thus, we accept Ameritech's offer.

It is, therefore,

ORDERED, That the Commission accepts Ameritech's offer to extend the period of time in which the USA Plan 1 will be available in Ameritech's service territory in Ohio. It is, further,

ORDERED, That Ameritech continue USA Plan 1 until January 6, 2003, unless otherwise ordered by the Commission. It is, further,

ORDERED, That the Commission's acceptance of Ameritech's offer to extend the period of time in which USA Plan 1 will be available does not constitute state action for the purposes of antitrust laws. It is not our intent to insulate Ameritech from the provisions of any state or federal laws that prohibit the restraint of trade. It is, further,

ORDERED, That nothing in this entry shall be binding upon the Commission in any subsequent investigation or proceeding involving the justness or reasonableness of any rate, charge, rule, or regulation. It is, further,

ORDERED. That a copy of this entry be served upon all parties of record, their counsel, and all interested persons of record in Case Nos. 93-487-TP-ALT and 98-1082-TP-AMT.
