**Investigation Report**

**Project Description:** This project involves the relocation of one transmission pole and two guy poles. The project is necessary to accommodate a planned road widening.

**Site Description:** The project is located along Roachton Road, just west of State Route 25 in the City of Perrysburg, Wood County. The current transmission pole location would be shifted approximately 35 feet west and the guy poles would be relocated 22 feet to the south. The Applicant will not need to obtain any new r-o-w, as the city is providing all necessary easements.

**Discussion/Comments/Concerns:** The construction of this project should pose only minimal negative social and ecological impacts.
