COMPLAINT DESCRIPTION:

We would like this complaint docketed in case number 09-580-EL-EEC regarding the First Energy CFL distribution.

We feel that this program is not an incentive for consumers to use less energy, but an unfair tactic for the utility to gain extra profit. My husband and I already spent over \$60 in the spring to change out all of our regular incandescent bulbs to CFLs to help lower our usage, and we paid much less per bulb than the \$21 that First Energy wants for 2 bulbs. Please veto this program because it is not a good deal for the consumer.

Regards, George and Karen Wheeler Strongsville, Ohio
