Case # ref. By Toledo Edison #09-864-EL-CSS

Toledo Edison states that they cannot verify there is only one pump on
The property. When their representative reads the meter he can see
there is only one pump. There is a backup pump at the pumping
station but this is only used if the other one fails.

In reference to Harley Miller being deceased, we purchased property
From the estate & our ownership can be verified by logging onto
www.ottawacountyauditor.org. We are the sole owners.
