**III. Description of Proposed Transactions**

Total Call and KDDI have entered into a Letter of Intent pursuant to the terms of which KDDI will purchase Fifty One Percent (51%) of the issued and outstanding capital stock of Total Call, on a fully diluted, as converted basis. The consideration to be paid is all cash. The transaction will be accomplished pursuant to a definitive Stock Purchase Agreement which is currently being negotiated by the Parties. Upon consummation of the proposed transaction, KDDI will own a controlling interest in Total Call.

Prior to the Total Call/KDDI Transaction, Total Call will transfer its one plus long distance customer base to OPEX, and then OPEX will be spun off to the current shareholders of Total Call on a pro rata basis (the "Total Call/OPEX Transaction"). When the Total Call/KDDI Transaction is consummated, Total Call will have no one plus long distance customers, but will have only prepaid calling card customers.

Further, prior to the Total Call/KDDI Transaction, the shareholders of TCMI will contribute 100% of the capital stock of TCMI to Total Call in a separate restructuring transaction, resulting in TCMI becoming a wholly owned subsidiary of Total Call. As such, when KDDI purchases 51% of Total Call, it will also have a controlling interest in TCMI and TCMI's prepaid wireless business.

#### **IV. Public Interest Analysis**

The proposed transactions are in the public interest because they will provide Total Call and OPEX with greater operating flexibility to pursue operating purposes, including, without limitation, (a) expansion of its telecommunications infrastructure; (b) improvement of customer service, billing, financial reporting and other management information systems; and (c) possible acquisitions, future investments or strategic alliances. The proposed transactions will also allow OPEX to continue to focus on its core business, one plus long distance, and by acquiring the one plus long distance customers of Total Call, will benefit the Total Call customers by allowing them to be serviced by a company solely devoted to one plus long distance service. The spin off will result in a Transfer of Control of OPEX from Total Call to Total Call's shareholders prior to the Total Call/KDDI transaction. There will be no impact on OPEX's current customers, since the Total Call/OPEX Transaction will be transparent to said customers, because the transfer of control will only result in a change in ownership. There will be no change in the OPEX name, and the company will continue to provide services pursuant to the terms and conditions of its tariff on file with the Commission.

Total Call will notify its long distance customers about the transfer to OPEX 30 days in advance of the transfer, including information about any changes in its rates and services; and that customers may accept OPEX as its carrier or choose another company, in accordance with FCC rules and regulations.

With regard to the Total Call/KDDI Transaction, there will be no impact on Total Call's prepaid calling card customers, since the Total Call/KDDI Transaction will be transparent to said customers, because the transfer of control will only result in a change in ownership. There will be no change in the Total Call name, and the company will continue to provide services pursuant to the terms and conditions of its tariff on file with the Commission.

The proposed transactions will give Total Call and OPEX access to resources which will enable them to introduce new products and services and to respond to the competitive environment. It is anticipated that Total Call's and OPEX's corporate officers and management team responsible for its day-to-day operations are expected to remain essentially the same immediately following the proposed transactions, and that the proposed transactions will not have an adverse effect on non-management employees of Total Call or OPEX. In addition, the contact points for customers and Commission inquiries will remain the same immediately after the transfer of control. Nor does the proposed transfer of control raise any competitive concerns.

In addition, Exhibit A shows the transfer of the Total Call one plus long distance customer base to OPEX (Step 1); the spin-off of OPEX to Total Call shareholders (Step 2); and the acquisition of TCMi by Total Call (Step 3).

I have also enclosed an extra copy of this letter to be date stamped and returned to me in the enclosed, self addressed, postage prepaid envelope.
