RECEIVED-DOCKETING DIV.

Letters of Notification  
V&M Star Tomahawk Expansion Project  
Case Nos. 09-1827-EL-BLN and 09-1828-EL-BLN

Dear Ms. Jenkins:

In accordance with Rule 4906-1-11, Ohio Administrative Code, V&M Star ("V&M"), transmits one (1) original and ten (10) copies of the enclosed Letters of Notification ("LON") for the above-captioned projects. In these projects, V&M is proposing to construct two transmission lines associated with V&M's proposed Tomahawk Expansion Project. A proposed third transmission line also associated with the Tomahawk Expansion Project will be filed in Case No. 09-1829-EL-BLN.

Please be advised of the following:

- |                                       |  |
|---------------------------------------|--|
| a) Name and address of the applicant: | V&M Star<br>2669 Martin Luther King Boulevard<br>Youngstown, Ohio 44510  |
| b) Name of proposed facilities:       | Case No. 09-1827-EL-BLN is the New Primary Metering Station to New Pipe Mill Metering Station transmission line and Case No. 09-1828-EL-BLN is the Substation #1 transmission line |
| c) Location of proposed facilities:   | The Project area is located in Youngstown, Ohio.   |

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.  
Technician SM Date Processed DEC 02 2009

d) Description of proposed facilities

Case No. 09-1827-EL-BLN involves a new 138 kV line from a new primary metering station to a new metering station for V & M's new pipe mill. Case No. 09-1828-EL-BLN involves a transmission line from the new primary metering station to the existing Substation #1.

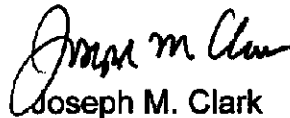

e) Applicant's representative:

Joe Clark  
McNees Wallace & Nurick LLC  
21 East State Street, 17<sup>th</sup> Floor  
Columbus, Ohio 43215

We have provided a copy of the LONs by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed projects as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the appropriate local government representatives are enclosed for your file.

Should the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (614) 719-2855.

Sincerely,

  
Joseph M. Clark

**Letters of Notification**  
**Transmission Line Extensions for V & M Star**  
**Case Nos. 09-1827-EL-BLN and 09-1828-EL-BLN**

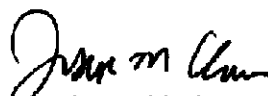

Dear Mr. Ludt:

In the above captioned Letters of Notification ("LON") proceedings, V&M Star ("V&M") is proposing to install two transmission lines in conjunction with its proposed Tomahawk Expansion Project. Ohio Edison and American Transmission Systems, Inc. are simultaneously filing an LON (Case No. 09-1829-EL-BLN) for a third transmission line associated with the proposed Tomahawk Expansion Project.

In accordance with the provisions of Rule 4906-1-01, Ohio Administrative Code ("O.A.C."), this project falls within the Ohio Power Siting Board's ("OPSB") requirements for an LON. Therefore, in compliance with Rule 4906-11-01, O.A.C., we have prepared and filed the attached LONs with the OPSB for their review and approval. Each LON contains a description of the respective transmission line and is provided for your information.

Please do not hesitate to contact me at (614) 719-2855 or [jclark@mwncmh.com](mailto:jclark@mwncmh.com) if you have any questions.

Sincerely,

  
Joseph M. Clark

Dear Mr. Miller:

In the above captioned Letters of Notification ("LON") proceedings, V&M Star ("V&M") is proposing to install two transmission lines in conjunction with its proposed Tomahawk Expansion Project. Ohio Edison and American Transmission Systems, Inc. are simultaneously filing an LON (Case No. 09-1829-EL-BLN) for a third transmission line associated with the proposed Tomahawk Expansion Project.

In accordance with the provisions of Rule 4906-1-01, Ohio Administrative Code ("O.A.C."), this project falls within the Ohio Power Siting Board's ("OPSB") requirements for an LON. Therefore, in compliance with Rule 4906-11-01, O.A.C., we have prepared and filed the attached LONs with the OPSB for their review and approval. Each LON contains a description of the respective transmission line and is provided for your information.

Please do not hesitate to contact me at (614) 719-2855 or [jclark@mwncmh.com](mailto:jclark@mwncmh.com) if you have any questions.

Sincerely,

  
Joseph M. Clark
