COMPLAINT DESCRIPTION:

<http://www.ohio.com/business/79359712.html>

I would like the PUCO to strongly reject FirstEnergy's "volunteer" proposal since they are asking to increase my bill on average of \$1.42/month with the other companies listed in the article even more.

My home uses energy-star appliances and the lights I leave on for any length of time use the compact florescence bulbs so for a bad management decision of behalf of the "electric company", let them eat the cost of their mistake vs. shoving it down our throats.
