

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Filing of Annual Reports)
for Calendar Year 2008 by Regulated Public) Case No. 09-01-AU-UNC
Utilities, Railroads, and Service Providers.)

ENTRY

The Commission finds:

- (1) Section 4905.14, Revised Code, requires that every public utility, as defined by Section 4905.02, Revised Code, file an annual report with the Commission at the time and in the form prescribed by the Commission. Section 4907.20, Revised Code, requires that a railroad company complete forms submitted to it by the Commission. Section 4928.06, Revised Code, requires every certified competitive retail electric service provider to file an annual report of sales and receipts for those services for which it is subject to certification. Section 4929.23, Revised Code, requires every retail natural gas supplier and governmental aggregator to file an annual report of sales and receipts for those services for which it is subject to certification. Although a governmental aggregator must file an annual report, it may have no reportable sales or receipts if a competitive retail electric service provider will be reporting the aggregator's sales.
- (2) On March 4, 2009, the Commission issued an entry in this case directing all jurisdictional entities to file, by April 30, 2009, the appropriate annual report or form for calendar year 2008.
- (3) Each entity listed on the appendix to this entry has failed to file the appropriate 2008 annual report or form. The certificates and tariffs of the public utilities listed on the appendix should be canceled and the companies will be removed from the Commission's rolls of public utilities. Companies whose certificates and tariffs have been canceled may not provide public utility service in the state of Ohio. Companies that continue to provide service after the cancellation of their certificates and tariffs will be subject to a more severe penalty.

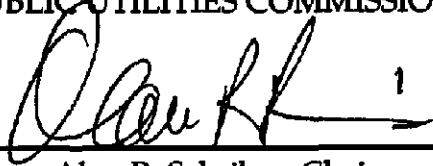

It is, therefore,

ORDERED, That the companies set forth on the attached appendix immediately cease all Ohio operations, and notify all of their Ohio jurisdictional customers, if any, that they are no longer certified to legally operate in Ohio. It is, further,

ORDERED, That the certificates and tariffs of the public utilities listed on the appendix are canceled and the companies are removed from the Commission's rolls of public utilities. It is, further,

ORDERED, That a copy of this entry be served upon the companies listed on the appendix and the Ohio Consumer's Counsel.
