Re: For docketing, letter to property owners within and adjacent to Case Number 09-277-EL-BGN

Dear Ms. Jenkins,

Pursuant to ORC 4906-5-08, I have attached a sample letter sent to landowners within and adjacent to the property boundary in the above-referenced case. A table of landowners who were sent the letter is also attached. All letters were sent via regular USPS mail December 21, 2009.

Sincerely,

Peter K. Endres

Steve and Deborah Poling  
2514 CR 75  
Ada OH, 45810

Dear Steve and Deborah,

Thank you for participating in the Hardin County North Wind Farm.

JW Great Lakes Wind LLC, a subsidiary of juwi Wind GmbH, has submitted an application to the Ohio Power Siting Board for a Certificate of Environmental Compatibility and Public Need for its proposed Hardin County North Wind Farm. The facility will consist of 19-27 turbines and approximately 50 MW of wind energy capacity. It will be located on 3,400 acres of leased land in Washington Township between Dola and Ada. The facility will produce clean, renewable, and reliably-priced electricity. The application to construct, operate, and maintain the facility has been deemed complete and is now pending before the Ohio Power Siting Board as Case Number 09-277-EL-BGN. The full application and other case files can be viewed online at <http://www.opsb.ohio.gov> by navigating to "Pending Cases" and selecting the above Case Number.

We are scheduled to have a local public hearing, pursuant to Section 4906.08(C), Revised Code, where the Board shall accept written or oral testimony from any person on **January 27, 2010, at 6:00 p.m., at the Ada Depot, 112 Central Avenue, Ada, Ohio 45810**. You are invited to attend this meeting. An adjudicatory hearing will be held on Monday, February 1, 2010, at 10:00 a.m., 11<sup>th</sup> floor, hearing room C, at the offices of the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793.

Information regarding the Ohio Power Siting Board certification process is included on the following page. If you have any questions, please feel free to contact either of the undersigned.

We wish you a very happy holiday season!

Sincerely,

Peter K. Endres

#### **OPSB Certification Process:**

Pursuant to Ohio Revised Code Section 4906.10(A) the Ohio Power Siting Board shall not grant a certificate unless it finds and determines the following: (1) The basis of the need for the facility; (2) The nature of the probable environmental impact; (3) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives, and other pertinent considerations; (4) In the case of an electric transmission line or generating facility, that the facility is consistent with regional plans for expansion of the electric power grid of the electric systems serving this state and interconnected utility systems and that the facility will serve the interests of electric system economy and reliability; (5) That the facility will comply with Chapters 3704., 3734., and 6111. of the Revised Code and all rules and standards adopted under those chapters and under sections 1501.33, 1501.34, and 4561.32 of the Revised Code. In determining whether the facility will comply with all rules and standards adopted under section 4561.32 of the Revised Code, the board shall consult with the office of aviation of the division of multi-modal planning and programs of the department of transportation under section 4561.341 of the Revised Code. (6) That the facility will serve the public interest, convenience, and necessity; (7) In addition to the provisions contained in divisions (A)(1) to (6) of this section and rules adopted under those divisions, what its impact will be on the viability as agricultural land of any land in an existing agricultural district established under Chapter 929. of the Revised Code that is located within the site and alternative site of the proposed major utility facility. Rules adopted to evaluate impact under division (A)(7) of this section shall not require the compilation, creation, submission, or production of any information, document, or other data pertaining to land not located within the site and alternative site. (8) That the facility incorporates maximum feasible water conservation practices as determined by the board, considering available technology and the nature and economics of the various alternatives.
