ENTRY

The attorney examiner finds:

- (1) On September 18, 2009, Randy Coleman Sr. (complainant) filed a complaint against The East Ohio Gas Company, d/b/a Dominion East Ohio (Dominion) and Interstate Gas Supply, Inc., d/b/a IGS Energy (IGS), alleging that Dominion and IGS failed to correctly bill him for natural gas used at a property occupied by the complainant. Specifically, the complainant alleged that, either Dominion, IGS, or both, changed his natural gas supplier from Dominion to IGS without his consent.
- (2) On October 14, 2009, both Dominion and IGS filed their answers to the complaint, denying the material allegations in the complaint. Dominion also filed a motion to dismiss stating that it has complied with its obligation to give the complainant an opportunity to rescind his enrollment with IGS and that the complainant did not set forth reasonable grounds for complaint. No one filed a memorandum contra Dominion's motion to dismiss.
- (3) By entry issued December 18, 2009, the attorney examiner found that reasonable grounds for complaint had been stated and, accordingly, denied Dominion's motion to dismiss. A hearing was scheduled in this case to commence on February 2, 2010.

- (4) On January 12, 2010, IGS filed a motion requesting a continuance of the hearing. In its motion, IGS stated that it had contacted both Dominion and complainant, and that neither party opposed the motion for a continuance.
- (5) The attorney examiner finds that IGS's request for continuance is reasonable and that the continuance should be granted. In conjunction with this finding, the hearing should be rescheduled to commence on March 9, 2010, at 10:00 a.m., at the offices of the Commission, 180 East Broad Street, 11th floor, hearing room 11-D, Columbus, Ohio 43215.

It is, therefore,

ORDERED, That the motion for a continuance of the hearing be granted. It is, further,

ORDERED, That the hearing be rescheduled in accordance with Finding (5). It is, further,

ORDERED, That a copy of this entry be served upon all parties of record.
