I followed-up with our Traffic Department and others in our office. Franklin County Engineer has no problem with the proposed work by Norfolk Southern at this crossing.

Let me know if you need me to make this response more formal by putting it in letter form on our letterhead.

Thank you.

Ted

As Franklin County is the local highway authority at this crossing, could you please review the request by Norfolk Southern and file any comments your office may have with our Docketing Division? As this already has a case number assigned, comments may be faxed to 614-466-0313. Thank you,

George Martin
