RE: Case No. 09-664-EL-REN
Crayola Solar

Dear Sir/Madam:

On July 30, 2009, an application for certification as an eligible Ohio energy resource generating facility was filed electronically on behalf of PPL Renewable Energy, LLC for the Crayola Solar facility (Ohio PUC Case No. 09-664-EL-REN). On October 7, 2009, a Finding and Order was issued by The Public Utilities Commission of Ohio granting the application and issuing certification number 09-SPV-PA-GATS-0009.

At the time of the July 30, 2009 application, PPL Renewable Energy, LLC projected an in-service date of December 31, 2009 (the date represented in the application). The project has been delayed, and PPL Renewable Energy, LLC currently projects an in-service date of September 1, 2010.

Please contact me or Kimberly Barry at 610-774-4210 if you have any questions regarding this clarification.

Very truly yours,

Jesse A. Dillon
