Re: Park Road Warning Device  
Crossing 481478N

PUCO

2010 JAN 29 AM 10:52

RECEIVED-DOCKETING DIV

Dear Mr. Martin:

We understand that Norfolk Southern will replace the existing, stand-alone warning signal for the driveway immediately southwest of the subject crossing with a new flashing signal mounted on the main signal mast. Franklin County Engineer's Office takes no exception to that proposed work.

If for any reason the proposed work will require an interruption to the existing flow of traffic on Park Road, Norfolk Southern should contact the Franklin County Engineer Traffic Department at (614) 462-3030 five (5) working days prior to the planned disruption.

Please contact me directly with any issues related to this letter.

Sincerely,

Dean C. Ringle, P.E., P.S.  
Franklin County Engineer
