

BEFORE

THE PUBLIC UTILITIES COMMISSION OF OHIO

In the Matter of the Filing of Annual)
Reports for Calendar Year 2009 by)
Certified Competitive Retail Electric) Case No. 10-03-GE-RPT
Service Providers, Natural Gas Suppliers,)
and Governmental Aggregators.)

ENTRY

The Commission finds:

- (1) Section 4928.06, Revised Code, requires every certified competitive retail electric service (CRES) provider and governmental aggregator subject to certification under Section 4928.08, Revised Code, to file an annual report of sales and receipts for those services for which it is subject to certification. Section 4929.23, Revised Code, requires every retail natural gas supplier (gas marketer) and governmental aggregator subject to certification under Section 4929.20, Revised Code, to file an annual report of sales and receipts for those services for which it is subject to certification. The Commission notes that although governmental aggregators must file the annual report, they will likely have no reportable sales or receipts since a supplier will be reporting those sales.
- (2) The Commission has posted the appropriate report form and instructions at www.puco.ohio.gov/puco/docketing. Each CRES provider, gas marketer, and electric and/or gas governmental aggregator listed on the attachment to this entry shall file its annual report using the posted form and instructions by April 30, 2010. Each CRES provider, gas marketer, and governmental aggregator should also send a copy of its annual report to:

The Office of the Ohio Consumers' Counsel
State of Ohio
10 West Broad Street, Suite 1800
Columbus, Ohio 43215-3485

- (3) Each CRES provider, gas marketer, and governmental aggregator that had an active certificate from the Commission during calendar year 2009 must file an annual report with the Commission. An

annual report must be filed even if the company was not in business or did not have intrastate gross earnings during calendar year 2009. Failure to file an annual report may result in revocation of a company's certificate of authority to operate in Ohio.

- (4) Each company's annual report must be filed under the exact name that its certificate was issued unless the company has a formal case pending to inform the Commission of a name change. Any such pending case number should be referenced in the annual report filing. If the company has not yet filed a formal name change notification with the Commission, the company's annual report filing should reflect the prior name of the company (as reflected in its existing certificate), along with a dba (doing business as) designation and the new company name. A formal name change filing should also be submitted to the Commission to reflect this change.
- (5) All information submitted by a CRES provider, gas marketer, or governmental aggregator, which is required to file the company's report, is subject to audit by the Commission. All annual reports received by the Commission are public records and will not be accorded confidential treatment.
- (6) In last year's annual report proceeding, Case No. 09-01-AU-UNC, the Commission established electronic filing (E-filing) processes for annual reports to promote efficiency and reduce expenses. These processes incorporate the procedures adopted in Case No. 06-900-AU-WVR to permit the E-filing of documents via the internet using the Commission's Docketing Information System, pursuant to Ohio's Uniform Electronic Transactions Act, Chapter 1306, Revised Code. The procedures established in that case provide for the voluntary participation of parties who agree to conventions for validation of filings and signatures, electronic service of documents, and waiver of certain requirements contained in Rules 4901-1-02 to 4901-1-04, Ohio Administrative Code. Further information regarding E-filing is posted under "Electronic Filing Information & Links" at www.puco.ohio.gov/puco/docketing.
- (7) As noted above, the E-filing pilot program has been expanded to include the filing of annual reports, to increase efficiencies and reduce the costs for both the filers and the Commission. Accordingly, the Commission expects all reporting companies to cooperate in exploring the feasibility of moving towards a

paperless filing process. For this year, the Commission has decided to separate the filings by industry and eliminate the parallel filing of hard copies. In addition, the Commission will provide this entry and the appropriate instructions by mailing paper copies, and by electronic mail using the appropriate industry listserve. All reporting companies are expected to subscribe to the appropriate industry listserve and file their reports electronically, or contact the Commission's Docketing Division at (614) 466-4095 if they are unable to do so.

- (8) As noted in last year's proceeding, the Commission intends to establish the use of industry service lists to send notices, forms, and the like for annual reports, rule-making procedures, and other industry-specific communications. All reporting companies, who have not already done so, should subscribe to the appropriate industry listserve as indicated in the filing instructions. As the Commission may ultimately eliminate the traditional paper mailing service for certain proceedings, all filers should take appropriate actions to ensure that electronic mail service from the Commission is not blocked or disabled. In addition, multiple addresses should be subscribed to ensure that service is completed.

It is, therefore,

ORDERED, That a copy of this entry and the appropriate instructions be sent to each CRES provider, gas marketer, or governmental aggregator on the attached list. It is, further,

ORDERED, That each listed CRES provider, gas marketer, or governmental aggregator file its annual report to the Commission no later than April 30, 2010, and send a copy to the Office of the Ohio Consumers' Counsel.
