Message:

I strongly believe that these terms were misrepresented to me when I built my home. I spent thousands of dollars to upgrade my home to the standards imposed by the electric company to receive these discounts. these terms wer passd on to the home builders by ohio edison. I was told these rate reductions were permanant. I feel they misrepresented the contract. Im sure I'm not the only one who had this happen to them. Please take control of the situation and please do something for the people who are severely impacted by this decision.

Thank-You, Sarah Burkey
