Docketing Case No: 10-388-EL-SSO

Notes: I am opposed to this new request for \$390 million in distribution charge increases. This is an appalling request inspite of the fact that you just socked us with a sizeable increase just 14 months ago. I struggle every month to make ends meet in my own household. My thermostate is set at 63, I have the energy efficient lights and am slowly replacing appliances as I can afford to do so. This increase is simply absurd. We are not even provided with quality service. There are repeated outages. I pulicly announce my opposition. Case No. 10-0388. gets added to the correct docket at the puco.

Please docket the attached in the case number above.
