Docketing Case No.: 10-0388

Notes: I

I am expressing my concern regarding First Energy's request for a \$390 million increase in their distribution charge to us the consumer. First Energy in my opinion is showing very little consideration for its customers after just receiving approval in May 2009 for \$137 million. And yet they want this approved prior to May 5th. In addition, I am an owner of an all-electric home purchased back in 1979 and for years, it was stated by FE that

as long as I did not convert to gas, I would receive a discount. My bills are now over 200% to 300% higher since First Energy pulled this discount. Even though supposedly FE has stopped the higher rate, the whole issue appears to be pending with no end in sight. When is FE going to present a plan to address this?
