COMPLAINT DESCRIPTION:

Case No. 10-0388 The planned rate increases are unreasonable and unaffordable. My wife and I cannot continue to be hit with outrageous increases in the costs of electricity. What is happening in our state? How long do we have to pay the price of political and incompetent leadership?

Someone has to step forward and run the show for the people-not against them. Let the people that are wasting energy foolishly pay the price - not the people that care and conserve it.
