Docketing Case No: 10-388-EL-AIR

Notes: Case #10-388 The \$390 million requested fast tracked by 5/1/10 is arrogant, unaffordable, unrealistic, and is totally insensitive to the current recessionary economy. Ohio's 10.4 unemployment, few new full time jobs and the poor economic strength of North East ohio. Any additional money needs a great deal of time to analysis. They do not realize or do they ,they electricity ,is a monopoly. We can not go out and shop for lower costs and alternative delivery systems. The PUCO is the state of Ohio's oversight committee to protect the STATE OF Ohio citizens fromUn nessisary rate increases. We are already fighting for the all-electric home discount.Now they want \$390 million more

Please docket the attached in the case number above.
