RE: Case #10-0046-RR-RCP

Dear Mr. Martin:

In January, the City of Columbus received a copy of a request by Norfolk Southern to modify warning devices at the Park Road crossing. As in previous cases, we expected to be contacted by the PUCO for our comments.

We have been informed by the Ohio Rail Development Commission that this request has already been approved. The City of Columbus should have had the opportunity to comment on this request, since the warning device is apparently located in City of Columbus right-of-way for Station Street and not in Franklin County right-of-way.

In the future it would seem advisable to contact both jurisdictions when a multi-jurisdictional request is submitted.

Please contact me at 614-645-8483 if you have any questions.

Sincerely,

Tim Bell, P.E.  
Planning Section Manager  
Division of Planning and Operations
