Docketing Case No: 10-0176-EL-ATA

Notes: To Whom it may concern: I am writing in complaint of the current threat to raise the cost of electricity again. The amount we had to pay this winter was difficult to survive, we had to sell our camper and use the money for the bills. If they rise to that amount again this summer and winter we will surely run out of money to pay the bills and will be in trouble financialy! Please file my complaint with the case for all electric homes #10-176 and also the distribution case #10-388. I fear that if this increase happens I will not be able to afford my home nor will I be able to sell it as people will not be looking to purchase and all electric home. Thank you, Jacob Reihner
