

4/18/10

My husband and I are not
happy about First Energy
wanting to raise rates quarterly.
First the light bulbs now this.
How are people suppose to live.
Everything raising but our SS.
I don't get a discount every
time my power goes out, which
is several time a year. From
what I've read we pay a higher
rate in this area then a lot
of state do. I'd write more but
you get the point.

Sincerely

Mary + Gary Selman
