Chesterland, OH 44026

Docketing Case No.: 10-0176-EL-ATA

Notes: How do you justify it when someone signs up to build an ALL ELECTRIC home and is promised a discount then you take it away. Our electric bill almost tripled, are we supposed to give up eating or paying medical bills in order to pay our electric to keep warm..... Or should we freeze, not have any water or do any cooking, well if we have money to buy food that is..... Where are my rights, you don't seem to understand that incomes have not gone up and certainly not for those that are retired. A FIXED INCOME IS A FIXED INCOME, that is what we are on and others with jobs have not gotten raises and if they did they were a mere 2 or 3%. Most people we know have had reduced wages, hours and or both and are faced with electric bills that doubled and tripled???????????? This is democracy we live in yet our elected officials allowed this to happen, disgusting is all I can say.

Please docket the attached in the case number above.
