QUESTION DESCRIPTION:

Case # 10-176 - What is the status of the PUCO report on the All- Electric issue? When will the PUCO have a permanent solution recommendation and will it be prior to September 30, 2010? When and where will the public hearings be on the All-Electric issue? Please consider the broken promises and builder enticements FirstEnergy made when PUCO is deciding on permanent solution and who will pay for the discount in the last PUCO ruling/order. We do not feel that a rate plan should ask for other customers and small businesses to subsidize our discount-the big corporations have made deals with FirstEnergy. FirstEnergy should pay all or part of the discount because they have broken their initial promises to get all-electric business. Thank you for your consideration
