Re: Case No. 09-664-EL-REN – Crayola Solar

Dear Mr. Siegel:

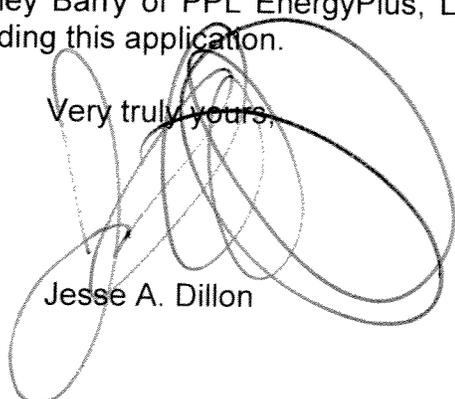

On July 30, 2009, an application for certification as an eligible Ohio energy resource generating facility (the "Application") was filed electronically on behalf of PPL Renewable Energy, LLC ("PPL Renewable Energy") for the Crayola Solar facility (Ohio PUC Case No. 09-664-EL-REN). On October 7, 2009 a Finding and Order was issued by the Public Utilities Commission of Ohio granting the application and issuing certification number 09-SPV-PA-GATS-009.

PPL Renewable Energy requests that the Application be withdrawn as certain data provided on the Application was incorrect because the unit has multiple owners. PPL Renewable Energy will file a new application for certification as an eligible Ohio energy resource generating facility for its ownership share of the Crayola Solar facility.

Please contact me or Kimberley Barry of PPL EnergyPlus, LLC at 610-774-4210 if you have any questions regarding this application.

Very truly yours,

Jesse A. Dillon

A large, stylized handwritten signature in black ink, consisting of several overlapping loops and flourishes, is written over the typed name "Jesse A. Dillon".

This foregoing document was electronically filed with the Public Utilities

Commission of Ohio Docketing Information System on
