Re: *In the Matter of the Application of Columbus Southern
Power Company and Ohio Power Company to Update
their Enhanced Service Reliability Riders,
Case No. 10-163-EL-RDR*

Dear Attorney Examiner See:

On July 21, 2010, AEP Ohio filed correspondence reflecting its updated positions in the above docket. This correspondence purports to be responsive to Staff Comments and Recommendations filed on April 30, 2010 as well as earlier discussions involving attorneys and technical staff of AEP Ohio, the Commission's Staff, and other interested parties.

For purposes of reaching a reasonable outcome in this case and without precedential value with regard to any future cost-recovery filings, the Staff agrees with the resolutions proposed by AEP Ohio on the issues addressed in the July 21 letter.

This is to certify that the images appearing are an
accurate and complete reproduction of a case file
document delivered in the regular course of business.
Technician SB Date Processed 7/30/10

The Staff has no issues remaining that require a formal adjudicatory hearing in this case. The Staff reserves the right to file a brief if it deems one necessary, depending upon comments that any other party may file to AEP's July 21 letter.

Respectfully submitted,

Thomas W. McNamee
