CASE # 10-176-EL-ATA

RECEIVED

AUG 04 2010

PUCO Members.

Office of Chairman
PUCO

In 1978 I purchased an all electric home and was elated. So was my Employer-Ohio Edison, where I worked for 26 yrs till I retired in 1994.

Later, when I needed to replace my hot water tank, the Marketing Dept suggested I purchase an 80 gal Tank and I would get a special rate. In return, a box was installed in my home so that the electricity could automatically be shut off to the tank in case of brown-out.

Now, Not only do I Not get the special rate they don't even read my load meter.

My budget has gone from \$151.00 to \$193.00 a month. I have gone from paying as low as 34¢ a KWH to as much as 7.8¢ per KWH.

PLEASE!

REMEMBER THE PROMISE
