Re: Case Number 09-1066-EL-BGN

Hoaglin, Union and Tully Townships in Van Wert County Ohio are
respectfully asking OPSB to allow each Township to become an Intervenor
in this case. We realize our request may be unusual but we believe
Iberdrola is not negotating in good faith concerning the restoration of our
roads.

Joint Stipulation and Recommendation of July 14, 2010 has removed the
road agreement and put in it's place, COMPLIANCY STRATEGY. This was
done at Mr. Litchfields request.

We as Trustees would request that the OPSB use the original
recommendation from the OPSB Staff that Iberdrola must have a ROAD
AGREEMENT and strike Compliancy Strategy.

Our rational is based upon the negotations we have had so far. We have
told Iberdrola that we want our roads put back to original condition.

Mr. Litchfield has met with our County Commissioners many times and as
reported in the Van Wert Times the road agreement is near completion.
This is totally untrue. We will be meeting with the Attorney we have hired to
write the agreement on August 12. This is our first meeting to begin writing
our proposal.

We respectfully request certificate be denied until we are assured our
Townships roads, tile, etc are replaced to original condition. Our request is
also based on the safety of all who travel our roads.

Thank You for your kind consideration.
